**2011-2012 Transmission Rates Application EB-2010-0001**

**Hydro One Networks Inc. Interrogatory Question on Association of  
Major Power Consumers in Ontario (“AMPCO”) Evidence**

1. Please provide case citations in which Ramsey pricing has been adopted either by a Canadian regulatory agency, or (2) by any regulatory agency with respect to pricing of transmission services.
2. Please explain how the numerator in Equation 1, appearing on page 5 of 14 of the AMPCO Evidence, is calculated.
3. Please provide the results of the econometric estimation of Equation 2 on page 12 of 14 of the AMPCO Evidence, including estimated coefficients and goodness of fit and other summary statistics.
4. With reference to Figure 2 on page 13 of 14 of the AMPCO Evidence.
  - a) Does this chart plot the results of an econometric estimation of an equation? If so, please provide the equation that was estimated.
  - b) If this is the result of an estimation, please specify what data set was used and for what time frame.
  - c) Please provide the results of the estimation including estimated coefficients and goodness of fit and other summary statistics.
