Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street

Dear Ms. Walli:

**RE: Union Gas Limited Notice of Application and Notice of Written Hearing
Franchise Agreement and Certificate of Public Convenience and Necessity
The Corporation of the Municipality of Central Elgin
Ontario Energy Board File Nos. EB-2007-0809 and EB-2007-0810**

We are counsel to Natural Resource Gas Limited ("NRG"). Further to our letter to you of November 7, 2007 and the Board's reply of November 15, 2007 respecting an extension to the time period for NRG to make its submissions to the Board, this letter is to advise that NRG will require a further extension of the time period for NRG to make its submissions on the above-noted matter.

At present, the deadline for NRG to file submissions is November 23, 2007. We are requesting a further extension of one week (i.e., to November 30, 2007).

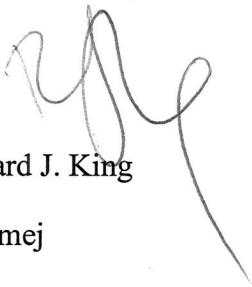

Upon receiving the Notice of Application in this matter, NRG requested several public files from the Ontario Energy Board ("OEB") dealing with Franchise Agreements and Certificates of Public Convenience for the franchise areas that are now covered by the Municipality of Central Elgin. These files needed to be retrieved from archives, and have since been reviewed. However, our review of these related applications have necessitated the review of further applications (some of which have been recalled from OEB archives and some of which have been provided by Union Gas Limited ("Union")). There remains, however, one further application that is currently being recalled from OEB archives, which is expected to arrive early next week. It is

essential for us to review the application in order to verify precisely which geographic areas within Central Elgin are currently under Certificate (to either Union or NRG).

As stated in our November 7, 2007 letter, to the extent that there are any areas of uncertainty after reviewing the files, our plan is to discuss them with Union (and potentially Board staff) prior to making submissions. We would expect that this approach would avoid the need for an oral hearing.

Should you have any question, please contact me.

Yours very truly,
