Interrogatory #1

Ref: Page 9 lines 2-4

Issue: Issue 3.3

Interrogatory

Does Mr. Chernick believe that electric utilities have no difficulty in financing nuclear projects? Please give examples and references to support your answer.

Interrogatory #2

Ref: Page 15 lines 12-20

Issue: Issue 3.3

Interrogatory

Why does Mr. Chernick believe that non-baseload attributes of CCCT should be taken into account when evaluating baseload power generation options?

Interrogatory #3

Ref: Page 20 line 10

Issue: Issue 2.2

Interrogatory

Please explain why recovering CWIP carrying costs in rates for a \$6 to \$10 billion project over a span of 10 years would have no impact on the credit rating of OPG? How large a project would one need to have an impact?

Interrogatory #4

Ref: Page 22 Lines 1 to 22

Issue: Issue 2.2

Interrogatory

What is Mr. Chernick’s understanding of “front-loading”? If OPG’s proposed CWIP treatment is not approved, when would front loading likely occur?
