Kirsten Walli,
Board Secretary
Ontario Energy Board
Suite 2701
2300 Yonge Street
Toronto ON M4P 1E4

Dear Ms Walli:

**Re: Board File Number: EB-2010-0219-
Review of Electricity Distribution Cost Allocation Policy**

We are counsel to the Consumers Council of Canada (the "CCC").

We have been instructed by our client to advise you that it wishes to participate in this consultation process. By this letter we are also giving notice of our client's request for cost eligibility for its participation in this matter.

The CCC is a non-profit, public interest organization, which represents the interests of the broad array of residential consumers of natural gas in Ontario. The issues to be considered in the consultation process are ones which have an impact on residential consumers and the outcome of the proceeding will have an impact on the interests of residential consumers. It is essential that the interests of residential consumers are represented and protected in this review.

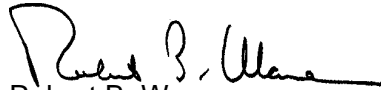

Our client, therefore, has a substantial interest in the outcome of the consultation process. It intends to review the Elenchus Research report and attend the stakeholder meeting on November 18, 2010. Our client intends to provide written comments to the Board on the Elenchus Research report.

The CCC requests cost eligibility to apply for an award of costs for its participation in this proceeding. Our client has no funds to support its intervention in this consultation. In the absence of a cost award, our client would not be able to participate and assist the Board in its consultation.

The representative of the CCC in this matter will be its consultant, Julie Girvan. Ms Girvan's contact information is: 62 Hillside Avenue East Toronto, ON, M4S 1T5, telephone: (416) 322-7936, fax: (416) 322-9703, e-mail: jgirvan@ca.inter.net.

Yours very truly,

WeirFoulds LLP
