

THE CORPORATION OF THE CITY OF WINDSOR  
OFFICE OF THE CITY ENGINEER

September 15, 2010

Kirsten Walli  
Board Secretary  
Ontario Energy Board  
P.O. Box 2319  
2300 Yonge Street  
27<sup>th</sup> Floor  
Toronto ON M4P 1E4

Dear Ms Walli:

**Re: Board File Number: EB-2010-0219 - Review of Electricity Distribution Cost Allocation Policy**

This letter is in response to the Board's September 2, 2010 letter (the "Letter") wherein it requested those parties interested in participating in this consultation process indicate their intent to do so no later than September 17<sup>th</sup>, 2010.

The City of Windsor is an interested party in this matter as decisions impacting connection and transmission costs will affect the municipality, and therefore, City of Windsor ratepayers, specifically as it pertains to street lighting. The City of Windsor wishes to participate in the stakeholder meeting scheduled for November 18, 2010 and requests to be included on the distribution list for future developments in this consultation process.

By way of this letter, we are also requesting that the Board determine that the City of Windsor is eligible for a cost award for all activities related to the above noted proceeding. The City of Windsor submits that it is eligible to apply for a cost award based on section 3.03 (a) of the Practice Direction on Cost Awards in that the City of Windsor "*represents the direct interests of consumers (e.g. ratepayers) in relation to regulated services*".

Attachment 'A' to the Board's Letter indicated that the "name and credentials of any lawyer, analyst or consultant" should be provided, if known. At this time, those details are not known to the City of Windsor.

Should the relief requested in this letter be granted, the City of Windsor requests that further communications with respect to this matter be sent to the attention of:

Mario Sonego P. Eng.  
City Engineer  
1266 McDougall Street  
Windsor, Ontario N8X 3M7
