**Re: Ontario Power Generation Inc.
2011-2012 Payment Amounts for Prescribed Generation Facilities
Board File Number EB-2010-0008**

The technical conference for this proceeding was held on August 26, 2010, and included two brief sessions held *in camera*. Counsel for the Board informed parties that once the transcript was available, OPG would propose redactions and that these redactions would be reviewed to determine if they were consistent with the Board's decisions on confidentiality.

Following the technical conference, a public version of the transcript, in which both *in camera* sessions were redacted in entirety, was placed on the record. Persons who signed the Declaration and Undertaking that is Appendix D of the Board's *Practice Direction on Confidential Filings*, received a fully unredacted version of the transcript.

On September 1, 2010, OPG informed Board staff that no redactions were required for the first *in camera* session. OPG also provided proposed redactions for the second *in camera* session. In communication on September 7 and 8, 2010, Board staff and OPG agreed that the redactions for the second *in camera* session could be reduced.

The Board has now completed its review of the updated redacted version of the transcript. This version is in conformity with the Board's Decision and Order on Confidential Filings of July 21, 2010, and the Board's review of interrogatory responses, which were filed in confidence, in Procedural Order No. 6 issued on August 20, 2010.

Attached is the updated redacted version of the transcript, which the Board is placing on the public record.

Yours truly,
