Our File No. 20100219

Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2010-0219 – Cost Allocation Review

We are counsel for the School Energy Coalition. Attached is a Notice of Intervention sent on behalf of the SEC in this matter, and with this letter we are requesting the Board's consent to late intervenor status, including cost eligibility.

The notice and request for cost eligibility in this matter was due September 17, 2010. As the Board may have noticed, we have been much more diligent than in the past in ensuring that our Notices of Intervention are filed as early as possible. Except for EB-2010-0199, in respect of which we initially decided not to participate, and later sought late intervenor status when we realized some of the scope of the review, we have not sought late intervenor status recently, and we are trying to maintain that record.

In this case, the Notice of Intervention and request for cost eligibility is late as a result of an administrative oversight during our office move. We have no reason other than that, and we apologize for that error..

If the Board grants our request, we understand that we accept the record as found.

All of which is respectfully submitted.

Yours very truly,
JAY SHEPHERD P. C.
