Capital Tax (Refer to Guide and Int.B. 3011)

if your corporation is a Financial Institution (s.58(2)), complete lines and $\boxed{430}$ on page 10 then proceed to page 13.

If your corporation is not a member of an associated group and/or partnership and (1) the Gross Revenue and Total Assets as calculated on Page 10 in 480 and 430 are both \$1,500,000 or less and the taxation year ends on or after January 1, 2001, or (2) the Gross Revenue and Total Assets as calculated on Page 10 in 480 and 430 are both \$3,000,000 or less and the taxation year commences after September 30, 2001, your corporation is exempt from Capital Tax for the taxation year. A corporation that meets these criteria should disregard all other Capital Tax items (including the calculation of Taxable Capital). Enter NIL in 550 on page 12 and complete the return from that point. All other corporations must compute their Taxable Capital in order to determine their Capital Tax payable.

Members of a partnership (limited or general) or a joint venture, must attach all financial statements of each partnership or joint venture of which they are a member. The Paid-up Capital of each corporate partner must include its share of liabilities that would otherwise be included if the partnership were a corporation. If

Investment Allowance is claimed, Total Assets must be adjusted by adding the corporation's share of the partnership's Total Assets and by deducting investments in the partnership as it appears on the corporation's balance sheet, in addition to any other required adjustments (s.61(5)). Special rules apply to limited partnerships (Int.B. 3017).

Any Assets and liabilities of a corporation that are being utilized in a joint venture must be included along with the corporation's other Assets and liabilities when calculating its Taxable Paid-up Capital.

Special rules and rates apply to Non-Resident corporations (s.63, s.64 and s.69(3)).

Paid-up Capital of Non-resident: Paid-up capital employed in Canada of a non-resident subject to tax by virtue of s.2(a) or (b), and whose business is not carried on solely in Canada is deemed to be the greater of (1) taxable Income in Canada divided by 8 percent or (2) total assets in Canada minus certain indebtedness in accordance with the provisions of s.63(1)(a) (Int.B. 3010).

Notes:

- Non-capital losses include allowable business investment losses, fed.s.111(8)(b), as made applicable by s.34.
- (2) Where acquisition of control of the corporation has occurred, the utilization of losses can be restricted. See fed.s.111(4) through 111(5.5), as made applicable by s.34.
- (3) Includes losses on amalgamation (fed.s.87(2.1) and s.87(2.11)) and/or wind-up (fed.s.88(1.1) and 88(1.2)), as made applicable by s.34.
- (4) To the extent of applicable gains/income/at-risk amount only.
- (5) Generally a three year carry-back applies. See fed.s.111(1) and fed.s.41(2)(b), as made applicable by s.34.
- (6) Where a limited partner has limited partnership losses, attach loss calculations for each partnership.

- (7) Include amount form 11 if taxable income is adjusted to claim unused foreign tax credit for federal purposes.
- (8) Amount in 709 must equal total of 829 + 839
- (9) Total Capital Losses for a year is the excess of 100% of the Capital Losses in the taxation year minus 100% of the Capital Gains (less any reserves) in the taxation year. Total Capital Losses is before the inclusion rate has been applied.
- (10) Commencing in the 2001 CT23 this column now refers to Total Capital Losses (100% of loss), whereas previously the column referred to Net Capital Losses (75% of loss or after the inclusion rate has been applied). Loss amounts that are not carried at 100% of the loss must be grossed back up to 100% by multiplying the balance by 1.333333. No adjustment is required where losses are carried at 100% of the loss amount.

HYDRO,OTTAWA LIMITED

Request for Loss Carry-Back (s.80(16))

Applies to corporations requesting a reassessment of the return of one or more previous taxation years under s.80(16) with respect to one or more types of losses carried back.

- If, after applying a loss carry-back to one or more previous years, there is a balance of loss available to carry forward to a future year, it is the corporation's responsibility to claim such a balance for those years following the year of loss within the limitations of fed.s.111, as made applicable by s.34.
- Where control of a corporation has been acquired by a person or group of persons, certain restrictions apply to the carry-forward and carry-back provisions of losses under fed.s.111(4) through 111(5.5), as made applicable by s.34.
- Refunds arising from the loss carry-back adjustment may be applied by the Minister of Finance to amounts owing under any Act administered by the Ministry of Finance.

cheque or money order. (Refer to Guide for other payment methods.)

- Any late filing penalty applicable to the return for which the loss is being applied will not be reduced by the loss carry-back.
- The application of a loss carry-back will be available for interest calculation purposes on the day that is the latest of the following:
 - the first day of the taxation year after the loss year.
 - the day on which the corporation's return for the loss year is delivered to the Minister, or
 - the day on which the Minister receives a request in writing from the corporation to reassess the particular taxation year to take into account the deduction of the loss.
- If a loss is being carried back to a predecessor corporation, enter the
 predecessor corporation's account number and taxation year end in the spaces
 provided under Application of Losses below.

| | Period 1 | Period 2 | Period 3 | |
|--|----------|----------|--|-----------|
| Gains or losses on dispositions | | | 20 - 92/3000 -1 2/5 00 /30 0 -2 | |
| (Total of amounts A to F, | | | | |
| if amount F is a loss, do not include it) | 0 | 0 | 318,432 | 318,432 |
| Allowable business investment losses | | | 110/102 | 310,432 |
| (G1, G2, G3) | 0 | 0 | 0 | |
| Gains or losses on dispositions | | | · · | |
| (including ABIL) | 0 | 0 | 318,432 | |
| Add: ` | | | 313/132 | |
| Gain or loss from a partnership | | | | 0 |
| Capital gains dividends received in the year | 0 | 0 | 0 | 0 |
| Capital gains reserve | | | • | Ü |
| (Opening balance) Schedule 13 | 0 | 0 | 0 | 0 |
| Subtotal | 0 | 0 | 318,432 | 318,432 |
| Less: | | | | 010/402 |
| Capital gains reserve | | | | |
| (Closing balance) from Schedule 13 (note 1) | 0 | 0 | 0 | 0 |
| Deductible portion of gain on donations | | | - | • |
| (including ecologically sensitive land) | 0 | 0 | 0 | |
| Gains (or losses) | 0 H | 01 | 318,432 J | 318,432 Z |

Applicable to dispositions made in the period. Closing balance reserves from dispositions made in a previous taxation year need to be deducted in the period during which the taxation year begins.

Inclusion rate

| | Gains or losses | s | | Inclusion Rate | | Net capital gain/capital loss | |
|---|-----------------|---|---|-------------------|---|-------------------------------------|----|
| Amount from line I, period 1 | 0 | Н | × | 75.0000% | - | 0 | к |
| Amount from line I, period 2 | 0 | 1 | × | 66.6667% | = | 0 | L |
| Subtotal (note 2) | 0 | М | × | .0000% | = | 0 | AA |
| Amount from line I, period 3 | 318,432 | J | × | 50.0000% | = | 159,216 | N. |
| Total (note 3) | 318,432 | 0 | | | | 159,216 | P |
| Inclusion rate for the year expressed as a decimal fraction | | | | | | 100/210 | • |
| (P divided by O) | | | | | | 50.000000% | Q |

Note 2

If one of either line H or line I is positive, and the other is negative, enter the difference (gain or loss) on the subtotal line. On the inclusion rate line, enter the inclusion rate applicable to the period from which the larger amount originates, and calculate the net gain or net loss at line AA based on that rate. In this case, it would not be necessary to calculate an amount at K and L. Otherwise, add lines H and I, and lines K and L for the subtotals. At the inclusion rate line between M and AA, enter the result of M divided by AA. This rate may be required in further calculations.

Note 3

If one of either line ${\bf M}$ or line ${\bf J}$ is positive, and the other is negative, enter the difference (gain or loss) on the total line. On the inclusion rate line, enter the inclusion rate applicable to the period from which the larger amount originates, and calculate the net gain or net loss at line P based on that rate. This could be the rate referred to at the end of note 2 above. In this case, it would not be necessary to calculate an amount at line N. Otherwise, add lines M and J, and lines AA and N for the totals.

| | | 1. |

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec, Ontario, or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporate return.

Parts, sections, subsections, and paragraphs mentioned on this return refer to the *Income Tax Act*. This return may contain changes that had not yet become law at the time of printing. If you need more information about items on the return, see the corresponding items in the *T2 Corporation – Income Tax Guide* (T4012).

Send one completed copy of this return, including schedules and the *General Index of Financial Information* (GIFI), to your tax services office or tax centre. You have to file the return within six months after the end of the corporation's taxation year. For more information on when and how to file T2 returns, see items 1 to 5 in the guide.

NET INCOME (LOSS) FOR INCOME TAX PURPOSES

- The purpose of this schedule is to provide a reconciliation between the corporation's net income (loss)
 as reported on the financial statements and its net income (loss) for tax purposes.
- Please provide us with the applicable details in the identification area, and complete the applicable lines that contain a numbered black box. You should report amounts in accordance with the Generally Accepted Accounting Principles (GAAP).
- Sections, subsections, and paragraphs referred to an this schedule are from the "Income Tax Act."
- For more information, see the "T2 Corporation Income Tax Guide."

CORPORATION LOSS CONTINUITY AND APPLICATION

- For use by a corporation to determine the continuity and use of available losses; to determine
 the current-year non-capital loss, farm loss, restricted farm loss, and limited partnership loss;
 to determine the amount of restricted farm loss and limited partnership loss that may be applied in
 a year; and to request a loss carryback to prior years.
- The corporation can choose whether or not to deduct an available loss from income in a taxation year.
 It can deduct losses in any order. However, for each type of loss, deduct the oldest loss first.
- For a detailed description and calculation of these losses, see Interpretation Bulletin IT-232,
 "Losses Their Deductibility in the Loss Year or in Other Years." For information on these losses, see the "T2 Corporation Income Tax Guide."
- File one completed copy of this schedule with the T2 return, or forward it by itself to the tax centre where the return is filed.
- Parts, sections, subsections, and paragraphs, referred to on this schedule are from the federal "Income Tax Act."

Part 1 - Non-capital losses

| Part 2 - Capital losses (cont'd) Continuity of capital losses and request for a carryback (cont'd) | |) | | | |
| Deduct - Request to carry back capital loss to: (see note 2) | | | | | |
| Capital gain (I00%) First preceding taxation year | 952 953 | back | 0 0 | | |
| Capital losses carried back to taxation years ending before February 28, 2000, the inclusion rate is 3/2. Capital losses carried back to taxation years starting after October 17, 2000, the inclusion rate is 2/3. For taxation years that straddle February 28, 2000 or October 18, 2000, the inclusion rate will be determined by dividing the total taxable capital gain by the total capital gain. | | | | | |
| Note 1 On line 332 of the T2 return, enter the amount from line 225 multiplied by the current year inclusion re | ate | | | | |

(see Schedule 6.)

Note 2

Enter on lines 225, 951, 952, or 953, whichever is applicable, the actual amount of the loss. At the time of the application of the loss carryback, the net capital loss amount will be calculated at the inclusion rate of the year to which the net capital loss it is applied.

HYDRO OTTAWA LIMITED Account/Business No.:86339

53RC0001

Year Ended:

Sch. 006

2003-12-31

Canada Customs and Revenue Agency/Agence des douanes et du revenu du Canada

SUMMARY OF DISPOSITIONS OF CAPITAL PROPERTY

- For use by corporations that have disposed of capital property or claimed an allowable business investment loss, or both, in the taxation year.
- Use this schedule to make a designation under paragraph 111(4)(e) of the federal "Income Tax Act", if control of the corporation has been acquired by a person or group of persons.
- If more space is needed, attach additional schedules.

For more information, see the section called "Schedule 6, Summary of Dispositions of Capital Property" in the "T2 Corporation Income Tax Guide".

Designation under paragraph 111(4)(e) of the "Income Tax Act"

Are any dispositions shown on this schedule related to deemed dispositions designated under paragraph 111(4)(e)?

050 [Y/N]

[N] If "yes", attach a statement specifying which properties are subject to such a designation.

HYDRO OTTAWA LIMITED

Account/Business No.:86339 53RC0001 Year Ended: 2003-12-31

Determining capital gains or losses (cont'd)

| Deduct: | | | | | |
|---|-----------|---------|----|-----------------|----------|
| Capital gains reserve closing balance | 785 | 685 | | 585 | 885 |
| (from Schedule 13) (note 1) | 0 | 1 | 0 | 0 | |
| Deductible portion of gain on donations | | | | 5- 1 | |
| (including ecologically sensitive land) | 0 | | 0 | 0 | |
| | 790 | 690 | | 590 | 890 |
| Gains (or losses) | 0 | | 0 | 318,432 | 318,432 |
| | *======== | ======= | == | ======== | ======== |

Note 1: Applicable to dispositions made in the period. Closing balance reserves from dispositions made in a previous taxation year need to be deducted in the period during which the taxation year begins.

Inclusion rate

| | | | | | | | Net capital | |
|---|--|-----------|---|------|-----------|---|--------------|----|
| | | | | | Inclusion | | gain or Net | |
| ļ | | Gain/loss | | | rate | | capital loss | |
| 1 | Amount from line 790 | 0 | J | X | 75.0000% | = | 0 | JJ |
| 1 | Amount from line 690 | 0 | к | x | 66.6667% | = | ′ 0 | KK |
| 1 | Subtotal (note 2) | 0 | а | | .0000% | = | 0 | aa |
| 1 | Amount from line 590 | 318,432 | | 1000 | 50.0000% | = | 159,216 | LL |
| 1 | Total (note 3) | 318,432 | b | | | = | 159,216 | bb |
| 1 | nclusion rate for the year expressed as a decimal fraction | , | | | | | 203,210 | UU |
| | (bb divided by b) | | | | | | 50.0000% | М |

Note 2

If one of either line J or line K is positive, and the other is negative, enter the difference (gain or loss) on the subtotal line. On the inclusion rate line, enter the inclusion rate applicable to the period from which the larger amount originates, and calculate the net gain or net loss at line as based on that rate. In this case, it would not be necessary to calculate an amount at JJ and KK. Otherwise, add lines J and K, and lines JJ and KK for the subtotals. At the inclusion rate line between a and aa, enter the result of aa divided by a. This rate may be required in further calculations.

Note 3

If one of either line a or line L is positive, and the other is negative, enter the difference (gain or loss) on the total line. On the inclusion rate line, enter the inclusion rate applicable to the period from which the larger amount originates, and calculate the net gain or net loss at line bb based on that rate. This could be the rate referred to at the end of the note 2 above. In this case, it would not be necessary to calculate an amount at line LL. Otherwise, add lines a and L, and lines aa and LL for the totals.

CALCULATION OF AGGREGATE INVESTMENT INCOME AND ACTIVE BUSINESS INCOME

- This schedule is for the use of Canadian-controlled private corporations to calculate:
 - foreign investment income and aggregate investment income for the purpose of determining the refundable portion of Part I tax, as defined in subsection 129(4) of the "Income Tax Act;"
 - income from an active business carried on in Canada for the small business deduction; and
 - specified partnership income for members of one or more partnership(s).
- For more information, see the sections called "Small Business Deduction" and "Refundable Portion of Part 1 Tax" in the "T2 Corporation Income Tax Guide."

AGREEMENT AMONG ASSOCIATED CANADIAN-CONTROLLED PRIVATE CORPORATIONS TO ALLOCATE THE BUSINESS LIMIT

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for purposes of the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one taxation year ending in a calendar year, is required to file an agreement for each taxation year ending in that calendar year.
- Column 1: Enter the legal name of each of the corporations in the associated group, including non-CCPCs and CCPCs that have filed an election under subsection 256(2) of the "Income Tax Act," not to be associated for purposes of the small business deduction.
- Column 2: Provide the Business Number for each corporation (if a corporation is not registered, enter "NR").
- Column 3: Enter the code that applies to each corporation:
 - 1 associated for purposes of allocating the business limit (unless association code 5 applies)
 - 2 CCPC that is a "third corporation" that has elected under subsection 256(2) not to be associated for purposes of the small business deduction
 - non-CCPC that is a "third corporation" as defined in subsection 256(2)
 - 4 associated non-CCPC
 - 5 associated CCPC that is not associated for purposes of allocating the business limit because of a subsection 256(2) election made by a "third corporation"
- Column 4: Enter the business limit for the year of each corporation in the associated group that is computed at line 4 on page 4 of each respective corporation's T2 return.
- Column 5: Assign a percentage to allocate the business limit to each corporation that has an association code 1 in column 3. The total of all percentages in column 5 cannot exceed 100%.
- Column 6: Enter the business limit allocated to each corporation by multiplying the amount in column 4 times the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A. Ensure that the total at line A is equal to an amount in one of the following ranges, whichever applies:
 - from \$200,001 to \$225,000, if the calendar year to which this agreement applies is 2003;
 - from \$225,001 to \$250,000, if the calendar year to which this agreement applies is 2004;
 - from \$250,001 to \$275,000, if the calendar year to which this agreement applies is 2005; or
 - from \$275,001 to \$300,000, if the calendar year to which this agreement applies is 2006. If the calendar year to which this agreement applies is after 2006, ensure that the total at line A does not exceed \$300,000.
- Column 7: Complete this column for a CCPC that has more than one taxation year ending in a calendar year, and is associated in more than one of those years with another CCPC that has a taxation year ending in the same calendar year. Enter the taxation year to which this agreement applies.

100.0000% of the annual business limit can be attributed to an associated corporation.

Business limit reduction under subsection 125(5.1)

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the amounts used in this calculation is the "Large corporation tax" at line 415 of the T2 return. If the corporation is a member of an associated group*** of corporations in the current taxation year, and that taxation year:

- starts before December 21, 2002, the amount at line 415 of the T2 return is equal to the gross
 Part I.3 tax of each corporation in the associated group*** for its last taxation year ending
 in the preceding calendar year. The gross Part I.3 tax is the amount before deducting the surtax
 credits, which is increased to reflect a full-year tax liability if the taxation year is less
 than 51 weeks; or
- starts after December 20, 2002, the amount at line 415 of the T2 return is equal to 0.225% x
 (A \$10,000,000) where, "A" is the total of taxable capital employed in Canada** of each corporation in the associated group*** for its last taxation year ending in the preceding calendar year.
- * Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's taxation year is less than 51 weeks, prorate the amount in column 6 by the number of days in the taxation year divided by 365, and enter the result on line 410 of the T2 return.
- "Taxable capital employed in Canada" has the meaning assigned by subsection 181.2(1) or 181.3(1) or section 181.4 of the "Income Tax Act."
- *** The associated group includes the corporation filing this schedule and each corporation that has an "association code" of 1 or 4 in column 3.

^{*} The % of the annual business limit required to maximize the small business deduction is .0000%.

Schedule 23-Supplementary

Year Ended:

Sch. 033

2003-12-31

Canada Customs and Revenue Agency/Agence des douanes et du revenu du Canada

PART I.3 TAX ON LARGE CORPORATIONS

- This schedule is for use by corporations (other than financial institutions and insurance corporations)
 that have Part I.3 tax payable before deducting surtax credits (line 820 in Part 5). You should also use
 and file this schedule if you calculate a gross Part I.3 tax for the purposes or unused surtax credit
 (line 821 in Part 6) and a current-year unused surtax credit (line 850 in Part 8).
- Parts, sections, subsections, and paragraphs referred to on this schedule are from the federal "Income Tax Act" and the "Income Tax Regulations."
- Subsection 181(1) defines the terms "financial institution," "long-term debt," and "reserves."
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- No Part I.3 tax is payable for a taxation year by a corporation that was:
 - 1) a non-resident-owned investment corporation throughout the year;
 - 2) bankrupt [as defined by subsection 128(3)] at the end of the year,
 - a deposit insurance corporation throughout the year, as defined by subsection 137.1(5), or deemed to be a deposit insurance corporation by subsection 137.1(5.1);
 - 4) exempt from tax under section 149 throughout the year on all of its taxable income:
 - neither resident in Canada nor carrying on a business through a permanent establishment in Canada at any time in the year; or
 - 6) a corporation described in subsection 136(2) throughout the year, the principal business of which was marketing (including any related processing) natural products belonging to or acquired from its members or customers.
- File the completed Schedule 33 with the "T2 Corporation Income Tax Return" no later than six months from the end of the taxation year.
- This schedule may contain changes that had not yet become law at the time of printing.

 Complete the following areas to determine the amounts needed to calculate Part I.3 tax. If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4, "Taxable capital employed in Canada."

| Part 1 - Capital | | | | 2000000 |
|---|-----|-------------|--|---------|
| Add the following amounts at the end of the year: | | | | |
| Reserves that have not been deducted in computing income for | | | | |
| the year under Part I | 101 | 0 | | |
| Capital stock (or members' contributions if incorporated without | | | | |
| share capital) | 103 | 167,080,816 | | |
| Retained earnings | 104 | 0 | | |
| Contributed surplus | 105 | 0 | | |
| Any other surpluses | 106 | 0 | | |
| Deferred unrealized foreign exchange gains | 107 | 0 | | |
| All loans and advances to the corporation | 108 | 260,623,802 | | |
| All indebtedness of the corporation represented by bonds, debentures, | | | | |
| notes, mortgages, hypothecary claims, bankers' acceptances, or | | | | |
| similar obligations | 109 | 0 | | |
| Any dividends declared but not paid by the corporation before | | | | |
| the end of the year | 110 | 0 | | |
| All other indebtedness of the corporation (other than any indebtedness | | | | |
| in respect of a lease) that has been outstanding for more than 365 days | | | | |
| before the end of the year | 111 | 0 | | |
| | | | | |

Year Ended:

Sch. 033 2003-12-31

Part 2 - Investment allowance (cont'd)

Notes:

- 1) Where the corporation has an interest in a partnership or tiered partnerships, consider the following:
 - the investment allowance of a partnership is deemed to be the amount calculated at line 490 above, at the end of its fiscal period, as if it was a corporation;
 - the total of the carrying value of each asset of the partnership described in the above lines is for its last fiscal period ending at or before the end of the corporation's taxation year; and
 - the carrying value of a partnership member's interest at the end of the year is its specified proportion [as defined in subsection 248(1)] of the partnership's investment allowance.
- Lines 401 to 405 should not include the carrying value of a share of the capital stock of, a dividend payable by, or indebtedness of a corporation that is exempt from tax under Part I.3 (other than by reason of paragraph 181.1(3)(d)).
- 3) Where a trust is used as a conduit for loaning money from a corporation to another related corporation (other than a financial institution), the loan will be considered to have been made directly from the lending corporation to the borrowing corporation, according to subsection 181.2(6).

Taxable

capital

402,883,453

Notes: 1) Regulation 8601 gives details on calculating the amount of taxable income earned in Canada.

- 2) Where a corporation's taxable income for a taxation year is "0," it shall, for the purposes of the above calculation, be deemed to have a taxable income for that year of \$1,000.
- In the case of an airline corporation, Regulation 8601 should be considered when completing the above calculation.

AGREEMENT AMONG RELATED CORPORATIONS - PART I.3 TAX

 Members of a related group of corporations should use this schedule to allocate the capital deduction of \$10,000,000 or \$50,000,000 among the members of the related group.
 Do not file this agreement if no members of the related group have to pay Part I.3 tax.

- In cases where a related corporation has more than one taxation year ending in a calendar year,
 it has to file an agreement for each of those taxation years.
- A corporation that is related to any other corporation at any time in a taxation year of the corporation that ends in a calendar year may file such an agreement.
- In accordance with subsection 181.5(7) of the federal "Income Tax Act", a Canadian-controlled private corporation is not considered to be related to another corporation for purposes of the capital deduction unless it is also associated with that corporation.
- Attach additional schedules if space for agreement is not sufficient.

Financial Statements

For the year ended December 31, 2003

Deloitte.

Deloitte and Touche LLP 100 Queen Street Suite 800 Ottawa, Ontario K1P 5T8

Tel: (613) 236–2442 Fax: (613) 236–2195 www.deloitte.ca

Auditors' Report

To the Shareholder of Hydro Ottawa Limited

We have audited the balance sheet of Hydro Ottawa Limited as at December 31, 2003 and the statements of operations and deficit and of cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Corporation as at December 31, 2003 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

The figures for 2002, presented for comparative purposes, are taken from financial statements reported on by another firm of auditors.

Delatte & Touche LLP

February 20, 2004

Report of Management

Management is responsible for the integrity of the financial data reported by the Corporation. Fulfilling this responsibility requires the preparation and presentation of financial statements and other data using management's best judgment, estimates and Canadian generally accepted accounting principles, applied on a basis consistent with the preceding year.

Management maintains appropriate systems of internal control and corporate-wide policies and procedures which provide reasonable assurance that the Corporation's assets are safeguarded and that financial records are relevant and reliable.

The Board of Directors, through the Audit Committee, ensures that management fulfills its responsibility for financial reporting and internal control. The Audit Committee consists of outside directors and at regular meetings reviews audit, internal control and financial reporting matters with management and external auditors. The Audit Committee has reviewed the financial statements and submitted its report to the Board of Directors.

On behalf of Management,

Kon Tewar

Ronald H. Stewart

President and Chief Executive Officer

Shirley Mears

Notes to the Financial Statements year ended December 31, 2003 (tabular amounts are in thousands of dollars)

1. DESCRIPTION OF BUSINESS

Hydro Ottawa Limited (Hydro Ottawa or the Corporation) was incorporated on October 3, 2000 pursuant to the *Business Corporations Act* (Ontario). The incorporation was required by the Ontario government's Electricity Act, 1998. The Corporation is a wholly owned subsidiary of Hydro Ottawa Holding Inc., which in turn is owned by the City of Ottawa.

The value of the net assets transferred to the Corporation at November 1, 2000 was \$399,266,000. In consideration for such transfer, the Corporation issued notes payable to the City of Ottawa in the principal amount of \$232,185,000, and 154,798,000 Class A common shares with a stated value of \$167,081,000.

The Corporation is a regulated electricity distribution company that owns and operates the electricity infrastructure, distributing a safe, reliable delivery of electricity to homes and businesses in the City of Ottawa and the Village of Casselman. In addition to billing for its own services, it also acts as a billing agent for generation companies, the province-wide transmission grid, wholesale market services and for debt retirement which are provided by other organizations in Ontario's electricity system.

2. REGULATORY ENVIRONMENT

The Ontario *Energy Competition Act*, 1998 (ECA) was given Royal Assent on October 30, 1998. The ECA provides for a competitive market for the sale of electricity, in addition to the regulation of the monopoly electricity delivery system in the Province of Ontario, by the Ontario Energy Board (OEB). The electricity marketplace was deregulated on May 1, 2002 and electricity generators, wholesalers and retailers began competing for customers.

On December 9, 2002, The *Electricity Pricing, Conservation and Supply Act, 2002* (Bill 210) was given Royal Assent. Bill 210 introduced further reforms to the electricity industry and significantly increased the powers of the provincial cabinet and more particularly the Minister of Energy to control the regulation and operation of the electricity industry.

Bill 210 established a price cap of 4.3 cents per kilowatt-hour for the commodity for low-volume and designated customers (Eligible Customers) retroactive to May 1, 2002. Bill 210 therefore required that rebates be issued to Eligible Customers beginning with a \$75 refund cheque to residential customers in December 2002 and then subsequent refunds on electricity bills for remaining retroactive amounts. On an ongoing basis distributors file each month for rebates to recover the difference between the spot market price, billed by the Independent Market Operator (IMO), and the 4.3 cents billed to Eligible Customers. The IMO facilitates all rebates through funding from the Ontario Electricity Financial Corporation (OEFC).

Notes to the Financial Statements year ended December 31, 2003 (tabular amounts are in thousands of dollars)

2. REGULATORY ENVIRONMENT (Continued)

Existing distribution rate orders that were in force on November 11, 2002 were legislated to remain in force until at least May 1, 2006, unless approval is granted by the Minister of Energy. As such, planned rate increases for March 1, 2003 to achieve the full regulated return on equity of 9.88% were deferred indefinitely.

Bill 210 also deemed all local distribution companies (LDCs), such as the Corporation, that are owned or partially owned by a municipality, as operating on a not-for-profit basis unless the municipal council passed a resolution affirming the for-profit operation, in the prescribed form, and filed it with the Minister of Energy within 90 days of the enactment of Bill 210. The City of Ottawa council approved the Corporation's continued for-profit status by council resolution on February 26, 2003.

On November 25, 2003, the provincial Minister of Energy announced changes to the pricing of electricity in Ontario. The *Ontario Ensergy Board Amendment Act (Electricity Pricing)*, 2003 (Bill 4), which enables these changes to take place, received Royal Assent on December 18, 2003. On April 1, 2004, those customers currently paying a fixed price of 4.3 cents per kilowatt-hour for the electricity commodity will move to a new two-tier price structure which better reflects the true cost of electricity. The Corporation is currently undertaking the necessary changes to its internal systems to implement this change.

Regulatory assets

Under Bill 210, certain costs and variance account balances are deemed to be "regulatory assets" and are reflected in the balance sheet until the manner and timing of disposition is determined by the OEB.

On December 19, 2003, the Corporation received approval from the Minister of Energy to proceed with an application to the OEB for new distribution rates that will start to recover regulatory assets. Regulatory asset costs that are approved by the OEB are to be recovered over a four-year period.

The OEB's consideration of the distributors' applications will occur in two phases. In phase one, the distributors are applying to the OEB for the recovery in rates of 25% of their regulatory assets, beginning April 1, 2004. On January 15, 2004, the OEB issued filing guidelines for electricity distributors for phase one.

In phase two of these proceedings, the OEB will review the prudency of costs claimed by electricity distributors for costs related to market restructuring and the remaining regulatory asset accounts. Costs which the OEB finds to be prudently incurred will be recovered in distribution rates over three years, beginning March 1, 2005.

Notes to the Financial Statements year ended December 31, 2003

(tabular amounts are in thousands of dollars)

2. REGULATORY ENVIRONMENT (Continued)

Regulatory assets

The continuing restructuring of Ontario's electricity industry and other regulatory developments may affect the distribution rates charged by the Corporation and the costs the Corporation is permitted to recover.

The principal regulatory assets of the Corporation are comprised of transition costs, a premarket opening electricity variance and various retail settlement variances.

(i) Transition costs:

Costs incurred to align systems and practices with the requirements of the future competitive electricity market in Ontario in accordance with the ECA (Transition costs). Criteria set out in the OEB's Distribution Rate Handbook and Accounting Procedures Handbook (AP Handbook) allow certain costs to be deferred that would be expensed when incurred under GAAP for an unregulated business.

(ii) Pre-market opening electricity variance:

At December 31, 2002, the Corporation recognized the pre-market opening electricity variance for the period January 1, 2001 to April 30, 2002, the date of market opening, in accordance with the AP Handbook. The pre-market opening variance represents the difference between the utility's cost of power purchased based upon time-of-use (TOU) rates and amounts billed for the cost of power to non-TOU customers at an average rate for the same period.

(iii) Post-market opening variances:

The Corporation has recognized retail settlement variances for the period May 1, 2002 to December 31, 2003 in accordance with criteria set out in the AP Handbook. The retail settlement variances relate to the charges the Corporation incurred for transmission services, generation (the commodity) and wholesale market operations from the IMO and Hydro One Networks that were not recovered from customers during the period. The nature of the settlement variances is such that the balance will fluctuate between assets and liabilities over time and are reported at period-end dates in accordance with rules prescribed by the OEB. The Corporation has also recognized the net cost of providing Retailer billing services and Service Transaction Requests services as a variance amount.

Notes to the Financial Statements year ended December 31, 2003

(tabular amounts are in thousands of dollars)

2. REGULATORY ENVIRONMENT (Continued)

Payments in lieu of corporate income taxes and large corporations tax (LCT)

The *Electricity Act*, 1998 provides that a municipal electric utility (MEU) that is exempt from tax under the *Income Tax Act* (ITA) of Canada and the *Corporations Tax Act Ontario (CTA)* is required to make, for each taxation year, payments in lieu of taxes (PILs) payment to the Ontario Electricity Financial Corporation in an amount approximating the tax that would be liable to pay under the ITA of Canada and the CTA if it were not exempt from tax.

The AP Handbook provides for the recovery of PILs by the Corporation through annual distribution rate adjustments as permitted by the OEB. As a result of Bill 210, the PILs recovery for 2003 remained at the level in the March 2002 rate order issued by the OEB.

The Corporation provides for PILs using the taxes payable method as permitted by the OEB.

The Corporation is generally exempt from tax under the ITA of Canada, as all of its capital is owned by Hydro Ottawa Holdings Inc. and not less than 90% of Hydro Ottawa Holding Inc.'s capital is owned by the City of Ottawa and not more than 10% of its income is derived from activities carried on outside the municipal boundaries of the City of Ottawa. A Corporation exempt under the Income Tax Act of Canada is also generally exempt from tax under the Corporations Tax Act.

3. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP) for commercial entities, including principles prescribed by the OEB in the AP Handbook, and reflect the significant accounting policies summarized below.

a) Measurement uncertainty

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenue, expenses, assets, liabilities and the disclosure of contingent assets and liabilities at the financial statement date. Accounts receivable, unbilled revenue and regulatory assets are reported net of an appropriate allowance for unrecoverable amounts. Inventory is recorded net of provisions for obsolence.

Due to the inherent uncertainty involved in making such estimates, actual results could differ from estimates recorded in preparing these financial statements, including changes as a result of future decisions made by the OEB or the Minister of Energy. The financial statements have, in management's opinion, been properly prepared using careful judgment within reasonable limits of materiality and within the framework of the accounting policies.

Notes to the Financial Statements

year ended December 31, 2003

(tabular amounts are in thousands of dollars)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Financial instruments

The Corporation's financial instruments consist of cash, accounts receivable, unbilled revenue, bank indebtedness, accounts payable and accrued liabilities, customer deposits and notes payable. Unless otherwise noted, it is management's opinion that the Corporation is not exposed to significant, currency or credit risks arising from these financial instruments. The carrying values of the Corporation's financial instruments approximate their fair values unless otherwise noted.

Concentration of credit risk in accounts receivable and unbilled revenue is limited, due to the large number of customers the Corporation services. The Corporation performs ongoing credit evaluations on its customers and requires collateral to support customer accounts receivable on specific accounts to mitigate significant losses. The Corporation establishes an allowance for doubtful accounts based on the credit risk applicable to particular customers, historical and other information.

c) Inventory

Inventory consists primarily of parts and supplies acquired for internal construction or consumption and are stated at the lower of cost and replacement cost, with cost determined on a weighted moving average basis.

d) Contributions in aid of construction

Capital contributions are required contributions received from outside sources used to finance additions to capital assets. Capital contributions received are treated as a contra account and are included in capital assets. The amount is amortized by a charge to accumulated amortization and a credit to amortization expense at an equivalent rate to that used for the amortization of the related asset.

e) Allowance for funds used during construction

Commencing January 1, 2000, an allowance for the cost of funds used during the construction period of major capital and development projects has been applied. The rate applied for the current fiscal period is equal to the rate allowed by the OEB in respect of long-term borrowings, being 6.9% (2002 - 6.9%).

f) Development charges

Development charges were collected in accordance with the Development Charges Act, 1997. Development charges deposits and receivables are restricted for use on qualifying growth related capital projects. These funds are initially deferred and then transferred to equity as they are expended on the projects. The funds on hand as of December 31, 2002 have been fully applied to applicable projects during 2003. Development charges for electricity distribution growth related capital projects are no longer supported by legislation.

Notes to the Financial Statements year ended December 31, 2003

(tabular amounts are in thousands of dollars)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

g) Spare transformers and meters

Effective January 1, 2002, the Corporation adopted the change in accounting policy for spare transformers and meters, as prescribed by the AP Handbook. Spare transformers and meters are items that are expected to substitute for original distribution plant transformers and meters when these original plant assets are being repaired and are held and dedicated for the specific purpose of backing up plant in service as opposed to assets available for other uses. Effective January 1, 2002, spare transformers and meters are treated as capital assets.

h) Capital assets

Capital Assets include distribution equipment and facilities and buildings, as well as construction and operating equipment. Costs are considered capital provided there is a reasonable assurance that these costs will be recovered through future earnings.

Capital assets are recorded at cost and include contracted services, materials, labour, engineering costs, overheads and an allowance for the cost of funds used during construction. Certain assets may be acquired or constructed with financial assistance in the form of contributions from customers.

Significant renewals and enhancements to existing assets are capitalized only if the service life of the asset is increased, reliability is improved above original design standards or if operating costs are reduced by a substantial and quantifiable amount.

Maintenance and repair costs are expensed as incurred.

Amortization is recorded on a straight-line basis over the estimated service life of the related asset.

Composite estimated service lives for capital asset classes are as follows:

Distribution system General plant

25 to 40 years 4 to 50 years

Notes to the Financial Statements

year ended December 31, 2003

(tabular amounts are in thousands of dollars)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Employee future benefits

i. Pension plan

The Corporation provides pension benefits for its employees through the Ontario Municipal Employees System (OMERS). OMERS is a multi-employer pension plan which operates as the Ontario Municipal Employees Retirement Fund (the Fund), and provides pensions for employees of Ontario municipalities, local boards, public utilities and school boards. The Fund is a contributory defined benefit pension plan, which is financed by equal contributions from participating employers and employees and by the investment earnings of the Fund. The Corporation recognizes the expense related to this plan as contributions are made.

ii. Employee future benefits other than pension plan

Employee future benefits other than pensions provided by the corporation include medical and life insurance benefits, supplemental pensions and accumulated sick leave credits. These plans provide benefits to certain employees when they are no longer providing active service.

Employee future benefit expense is recognized in the period in which the employees render services.

Employee future benefits are recorded on an accrual basis. The accrued benefit obligation and current service costs are calculated using the projected benefit method pro rated on service and based on assumptions that reflect management's best estimate. The current service cost for a period is equal to the actuarial present value of benefits attributed to employees' services rendered in the period. The excess of the net actuarial gains (losses) over 10% of the accrued benefit obligation are amortized to expense on a straight-line basis over the average remaining service period of active employees to full eligibility.

j) Customer deposits

Customer deposits are cash collections from customers to guarantee the payment of energy bills and fulfillment of construction obligations. Deposits estimated to be refundable to customers within the next fiscal year are classified as a current liability.

k) Revenue recognition

Electricity distribution revenue is recorded on the basis of regular meter readings and estimates of current usage from the last meter reading to the end of the fiscal period. The latter is represented as unbilled revenue in the financial statements.

Notes to the Financial Statements

year ended December 31, 2003

(tabular amounts are in thousands of dollars)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

I) Income taxes

Under the taxes payable method, no provisions are made for future income taxes as a result of temporary differences between the tax basis of assets and liabilities and their carrying amounts for accounting purposes. When unrecorded future income taxes become payable, it is expected that they will be included in the rates approved by the OEB and recovered from the regulated business at that time.

4. CASH

| | 2003 | A-10-111-0 | 2002 |
|--------------------------|--------------|------------|---------|
| Cash (bank indebtedness) | \$ 11,055 | \$ | (7,645) |

The Corporation participates in a banking arrangement with the Hydro Ottawa Holding Inc. group of companies. The Hydro Ottawa Holding Inc. group of companies includes Hydro Ottawa Holding Inc., Hydro Ottawa Limited, Energy Ottawa Inc. and Telecom Ottawa Holding Inc.

The Hydro Ottawa Holding Inc. group of companies has available to it an unsecured \$70,000,000, 364 day revolving term demand operating line of credit to assist with financing general operating requirements and periodic capital expenditures. The operating line of credit is subject to certain banking covenants and bears interest at prime less 0.35% per annum, with interest payable monthly. The facility will expire on August 23, 2004. It is management's intention to replace the operating line of credit with a similar banking facility before or upon expiry.

The Hydro Ottawa Holding Inc. group of companies also has available to it \$32,000,000 in bank standby letters of credit, issued for periods not to exceed one year from the date of issuance. \$30,000,000 is to provide prudential support to the IMO as required by regulation and \$2,000,000 is to secure miscellaneous sundry obligations. The Hydro Ottawa Holding Inc. group of companies also has available to it an \$800,000 corporate Visa card facility.

5. ACCOUNTS RECEIVABLE

| | 2003 | 8 | 2002 |
|--|--------------------------------|----|--------------------------|
| Electricity receivables net of allowance for doubtful accounts of \$3,115,000 (2002 - \$2,388.000) Amounts due from related parties (Note 20) Other services | \$ 36,490 2,003 8,451 | \$ | 39,105 5,269 4,358 |
| | \$ 46,944 | \$ | 48,732 |

Notes to the Financial Statements

year ended December 31, 2003

(tabular amounts are in thousands of dollars)

6. UNBILLED REVENUE

| | <u> potentiano en </u> | 2003 | 2002 |
|-------------------------------------|--|-------------|---------------------|
| Unbilled revenue Accrued revenue | \$ | 76,965 - | \$ 93,741 900 |
| | \$ | 76,965 | \$ 94,641 |

Unbilled revenue is accrued revenue from electricity consumed by customers since the date of each customer's last meter reading that has not yet been billed.

7. INVENTORY

The Corporation maintains a stock of materials and supplies needed to service its capital assets. Over time stock items become obsolete. A comprehensive review of the utilization of inventory was conducted in September of 2003 to identify items with an impaired value. This review resulted in the write-off of \$960,000 in obsolete stock items provided for in 2002. The provision recorded against inventory for obsolete stock items at the end of 2003 is \$1,490,000 (2002 - \$2,450,000).

Spare transformers and meters that are expected to substitute for original distribution plant transformers and meters when the original plant assets are being repaired and are held and dedicated for the specific purpose of backing up plant in service are treated as capital assets. During 2003, spare transformers and meters with a carrying amount of \$1,201,000 (2002 - \$1,080,000) were transferred from inventories to capital assets.

8. REGULATORY ASSETS AND LIABILITY

In accordance with the AP Handbook, the Corporation has accounted for regulatory variances during the year. Power variances, other variances related to the expenses associated with the Consumer Rebate program mandated by Bill 210 and the transmission network charges, have been recorded as regulatory assets. The Corporation has recorded as a liability the variance related to transmission connection costs. On January 15, 2004, the OEB issued guidance on the recoverability of regulatory assets. As a result, the Corporation filed an application for recovery of regulatory assets to the OEB on January 22, 2004.

The 2003 financial statements include net regulatory assets of \$5,510,000 that had not been included in the net regulatory assets of the prior year's financial statements due to the lack of certainty regarding the Corporation's ability to file with the OEB for their recovery. Consequently, the Corporation has recorded these additional regulatory assets and liabilities in the current year's financial statements. In the absence of formal approval of the amounts filed with the OEB, the Corporation has recorded a net provision of \$33,028,000 against regulatory assets and liabilities.

Notes to the Financial Statements

year ended December 31, 2003

(tabular amounts are in thousands of dollars)

8. REGULATORY ASSETS AND LIABILITY (Continued)

The Corporation continually assesses the likelihood of recovery of regulatory assets. If recovery through future rates was no longer considered probable, the amounts would be charged to the results of operations in the period the assessment was made. If a future recovery decision was made by the OEB or the Minister of Energy to approve a recovery of the regulatory assets, the Corporation would recognize the recovery in the results of operations in the period such a decision is made.

Information about the Corporation's regulatory assets and liability is as follows:

| Transition costs: | | | 2003 | | 2002 |
|--|--|----------------|---------|----|---|
| Pre-market opening electricity variance: 21,696 18,496 - Provision for doubtful recovery (21,696) (18,496) - Provision for doubtful recovery | Capital assets (Note 9)Interest on transition costs | \$ | 753 | \$ | 6,431 - - |

| | \$ | 699,592 | \$ | 346,891 | \$ | 352,701 | \$. | 320,196 | | | | |

Included in capital assets is \$35,325,000 (2002 - \$12,773,000) of assets under construction not subject to amortization.

Included in general plant is \$6,431,000 (2002 - \$6,431,000) of capital assets that have been designated as regulatory assets, consistent with OEB guidelines. These capital assets align the Corporation's systems and practices with the requirements of the competitive electricity market and may be recoverable (Note 8).

Included in distribution system is \$1,201,000 (2002 - \$1,080,000) of spares and meters transferred from inventory as described in (Note 7).

10. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

11. EMPLOYEE FUTURE BENEFITS

i. Pension plan

The Corporation's current service costs for the twelve months ended December 31, 2003 was \$595,000 (2002 - \$NIL). A contribution holiday was in effect for OMERS members from August 1998 to December 2002. Contributions recommenced in January 2003. The Corporation expects a return to full contribution rates in 2004. The Corporation estimates that its annual participating employer contributions during 2004 will be \$2,166,000.

ii. Employee future benefits other than pension plan

Employee future benefits are calculated using an annual compensation rate increase and inflation rate of 2%, and a discount rate of 6.5% to calculate the liabilities.

Information about the Corporation's defined benefits plans is as follows:

| 2003 | | | | | |
|-----------------------|----------------------------|--|--|--|--|

Notes to the Financial Statements vear ended December 31, 2003

(tabular amounts are in thousands of dollars)

11. EMPLOYEE FUTURE BENEFITS (Continued)

As at December 31, 2003, the Corporation engaged an actuary to complete an actuarial valuation of the projected benefit obligation. As a result of this exercise, the Corporation increased the projected benefit obligation by \$2,655,000. This amount is reflected in the projected benefit obligation and will be charged to earnings over the average remaining service life of current employees of 16 years, beginning January 1, 2004.

The current liability portion of the accrued employee future benefits included in other accounts payable is \$356,000 (2002 - \$356,000) and the non-current portion is \$3,194,000 (2002 - \$3,180,000) and is included in long-term liabilities.

12. NOTES PAYABLE

Effective November 1, 2000, the Corporation issued promissory notes due on demand, payable to the City of Ottawa, in the amount of \$232,185,000, as consideration for the transfer of the assets of the Hydro-Electric Commission of the City of Ottawa and certain assets of the Corporation of the City of Ottawa. The notes bear interest at an annual rate of 6.9% and are secured by all present and future personal and real property of the Corporation. These notes are subordinated to senior indebtedness greater than \$5,000,000.

The City of Ottawa does not intend to call these notes within the next 366 day period. As a result these notes have been classified as long-term liabilities.

As at December 31, 2003, the Corporation estimated the fair value of these notes at \$279,000,000 (2002 - \$291,000,000). The fair value has been determined based on discounting future payments of interest at the estimated interest rate that would be available to the Corporation at December 31, 2003.

The notes are convertible into fully paid and non-assessable Class A common shares at a conversion rate equal to 1 Class A common share for each \$1 of the principal amount converted.

Notes to the Financial Statements year ended December 31, 2003 (tabular amounts are in thousands of dollars)

13. SHARE CAPITAL

Authorized

Unlimited voting first preferred shares, redeemable at \$1 per share Unlimited non-voting second preferred shares, redeemable at \$10 per share Unlimited non-voting third preferred shares, redeemable at \$100 per share Unlimited voting (10 votes per share) fourth preferred shares, redeemable at \$100 per share Unlimited voting Class A common shares

Unlimited voting Class A common shares Unlimited non-voting Class B common shares Unlimited non-voting Class C common shares

The above shares are without nominal or par value.

The Corporation may, at any time, purchase for cancellation the whole or part of the Class C common shares at the price at which such shares were issued.

Holders of second preferred shares, fourth preferred shares and common shares are entitled to receive dividends as and when declared by the board of directors at their discretion.

| ************************************** | 2003 | - | 2002 | |
|---|---------------|----|---------|--|
| Issued 154,798,000 Class A common shares | \$ 167,081 | \$ | 167,081 | |

In 2002, the Corporation declared and paid a dividend of \$2,207,000 to Hydro Ottawa Holding Inc.

Any invitation to the public to subscribe for shares is prohibited by shareholder resolution.

14. ELECTRICITY SALES AND COST OF POWER

The opening of the restructured electricity market on May 1, 2002 separated the purchase of power into several components such as the cost of the commodity, transmission connection and transformation costs, and wholesale market service costs. These costs are to be passed on to the consumer either directly, such as the cost of the commodity, or via rates that were established such as for the transmission and wholesale market service costs. Variances between actual cost and rate revenue were to be accounted for with final disposition subject to OEB approval.

Notes to the Financial Statements year ended December 31, 2003

(tabular amounts are in thousands of dollars)

14. ELECTRICITY SALES AND COST OF POWER (Continued)

Bill 210 establishes a fixed price of 4.3 cents for the electricity commodity for low-volume and designated customers (Eligible Customers) retroactive to May 1, 2002. In recognition of the fixed price, Bill 210 required that rebates be issued to Eligible Customers beginning with a \$75 refund in December 2002 and then via subsequent refunds or electricity bills for remaining retroactive amounts. The IMO has, and will continue to facilitate this price freeze through funding from the OEFC, and accordingly power recovery revenue and purchased power expense have been reduced by \$70,000,000 (2002 - \$41,000,000) representing the difference between the spot market rate and the 4.3 cent fixed price billed to Eligible Customers.

15. RESTRUCTURING COSTS

On December 16, 2003, the Corporation announced a restructuring plan directed at reducing costs by aligning its cost structure and operations to the prevailing economic and regulatory environments. The company has recorded a provision for these restructuring costs of \$3,332,000 during fiscal 2003 (2002 - \$NIL). This amount has been recorded as a separate provision, in its entirety, within expenses on the Corporation's Statement of Operations and Deficit. The restructuring charges are for voluntary and involuntary employee separations relating to the elimination of approximately 50 positions within the Corporation. The employee separations impacted all levels of the organization and included both management and unionized employees. All employee separation payments are expected to take place during fiscal 2004.

The following table summarizes the activity in the restructuring costs during the twelve months ended December 31, 2003:

| | <u>Total I</u> | <u>Provision</u> |
|---|----------------|------------------|
| Balance, December 31, 2002 | \$ | - |
| Restructuring provision of \$3,332 recorded | | 3,332 |
| Cash payments during 2003 | 8 <u></u> | |
| Balance, December 31, 2003 | \$ | 3,332 |

Notes to the Financial Statements

year ended December 31, 2003

(tabular amounts are in thousands of dollars)

16. PAYMENTS IN LIEU OF CORPORATE INCOME TAXES

The provision for PILs differs from the amount that would have been recorded using the combined Canadian federal and Ontario statutory income tax rates. A reconciliation between the statutory and effective tax rates is provided as follows:

| | 2003 | 4 | 2002 |
|--|------------------|----|------------|
| Federal and Ontario statutory income tax rate | 36.62% | | 38.62% |
| Income before provision for PIL's | \$ 2,078 | \$ | (14,359) |
| Provision for PIL's at statutory rate Increase (decrease) resulting from: | \$ 761 | \$ | (5,545) |
| Permanent differences | 17 | | 38 |
| Tax effect of non-capital losses for which no benefit has been recorded Large corporations tax | (778) 863 | | - 1,024 |
| Provision for PIL's | \$ 863 | \$ | 1,024 |
| Effective income tax rate | 41.53% | | (7.13%) |

The Corporation as a rate regulated utility does not recognize future income taxes to the extent they are expected to be included in future approved rates charged to customers and recovered from them. The Corporation has unused tax losses of approximately \$25,906,000 (2002 - \$31,373,000) of which \$8,169,000 expire in 2008, and \$17,737,000 in 2009. The Corporation has deductible temporary differences between the tax basis of assets and their carrying amount for accounting purposes of approximately \$85,782,000 (2002 - \$83,357,000). These amounts translate into an unrecognized future tax asset of approximately \$40,342,000 (2002 - \$44,400,000) which can be used to reduce payments in lieu of taxes calculated in future periods.

17. CHANGE IN NON-CASH WORKING CAPITAL

| | 2003 | e- | 2002 |
|---|---|----|--|
| Accounts receivable Unbilled revenue Accounts payable and accrued liabilities Regulatory assets and liability Other | \$ 1,788 17,676 19,409 2,679 3,103 | \$ | 2,144 (55,974) (4,513) 2,204 (916) |
| | \$ 44,655 | \$ | (57,055) |

Notes to the Financial Statements year ended December 31, 2003 (tabular amounts are in thousands of dollars)

18. CONTINGENT LIABILITIES

(i) A class action claiming \$500,000,000 in restitutionary payments plus interest was served on the former Toronto Hydro-Electric Commission on November 18, 1998. The action was initiated against the former Toronto Hydro-Electric Commission as the representative of the Defendant Class consisting of all municipal electric utilities in Ontario, which have charged late payment charges on overdue utility bills at any time after April 1, 1981.

The claim is that late payment penalties result in electric utilities receiving interest at effective rates in excess of what is allowed under Section 347(1)(b) of the Criminal Code. The Municipal Electrical Association, in cooperation with Toronto Hydro Corporation, is undertaking the defence of this class action. At this time it is not possible to quantify the effect, if any, on the financial statements of the Corporation.

- (ii) Purchasers of electricity in Ontario, through the IMO, are required to provide security to mitigate the risk of their default based on their expected activity in the market. The IMO could draw on these guarantees if the Corporation fails to make a payment required by a default notice issued by the IMO. A prudential support obligation is calculated based upon a default protection amount and the distributor's trading limit less reductions for the distributor's credit rating. At December 31, 2003, the Corporation provided bank letters of credit of \$22,000,000 to cover its prudential support obligation.
- (iii) Various lawsuits have been filed against the Corporation for incidents which arose in the ordinary course of business. In the opinion of management, the outcomes of the lawsuits, now pending, are neither determinable nor material. Should any loss result from the resolution of these claims, such loss will be charged to operations in the year of resolution.
- (iv) The Corporation participates with other electrical utilities in Ontario in an agreement to exchange reciprocal contracts of indemnity through the Municipal Electrical Association Reciprocal Insurance Exchange. The Corporation is liable for additional assessments to the extent premiums collected and reserves established are not sufficient to cover the cost of claims and costs incurred. If any additional assessments are required in the future, their cost would be charged to operations in the year in which they occur.

19. COMMITMENTS

- (i) The Corporation has \$5,700,000 in open commitments for 2004. This includes \$800,000 for a one year extension of tree trimming services.
- (ii) The Corporation has committed to provide support for a community park in the Village of Casselman. The total amount of the commitment remaining is \$81,000, which will be paid annually in the amount of \$27,000 until 2006.

Notes to the Financial Statements year ended December 31, 2003

(tabular amounts are in thousands of dollars)

20. RELATED PARTY TRANSACTIONS

The Corporation entered into transactions with related parties as follows:

| | | 2003 | - | 2002 |
|--|----|---------------------|----|---------------------|
| i) The Corporation is 100% owned by Hydro Ottawa Holding Inc. Significant transactions with the parent not separately disclosed in these financial statements are as follows: | 3 | | | |
| Administration and Corporate Services expense - net | \$ | 17,815 | \$ | 14,795 |
| ii) The Corporation and Energy Ottawa Inc. are both controlled by Hydro Ottawa Holding Inc. Significant transactions with Energy Ottawa Inc. not separately disclosed in these financial statements are as follows: | | | | |
| Purchased power Recovery of expenses by Service Level Agreements Recovery of Administration and Corporate Services expenses | | 6,086 792 158 | | 5,268 798 220 |
| iii) The Corporation and Telecom Ottawa Limited are both controlled by Hydro Ottawa Holding Inc. Significant transactions with Telecom Ottawa Limited not separately disclosed in these financial statements are as follows: | | | | |
| Pole and Duct Rental revenue Lease expense for Dark Fibre Recovery of Administration and Corporate Services | | 1,000 1,236 | | 1,000 1,069 |
| expenses Other recoverable work revenue | | 214 114 | | 198 - |

Amounts due (to) from the Hydro Ottawa group of companies are non-interest bearing and have no specific terms of repayment.

The Corporation and its subsidiaries provide certain services to the City of Ottawa in the normal course of business at commercial rates.

For the year ended December 31, 2003, the Corporation earned revenues of \$28,115,000 (2002 - \$26,250,000), from the City of Ottawa.

Notes to the Financial Statements

year ended December 31, 2003

(tabular amounts are in thousands of dollars)

20. RELATED PARTY TRANSACTIONS (Continued)

As at December 31, 2003, the promissory note payable in the amount of \$232,185,000 (2002 - \$232,185,000) was payable to the City of Ottawa. For the year ended December 31, 2003, interest expense of \$16,021,000 (2002 - \$16,021,000), on the promissory note payable had been paid to the City of Ottawa (Note 12).

The Corporation purchases certain services from the City of Ottawa in the normal course of business at commercial rates.

For the year ended December 31, 2003, the Corporation purchased certain services from the City of Ottawa of \$317,000 (2002 - \$442,000).

For the year ended December 31, 2003, the Corporation incurred property taxes payable to the City of Ottawa of \$1,597,000 (2002 - \$1,622,000).

At the end of the year, the amounts due from and to related parties which are included in account receivable and accounts payable and accrued liabilities are as follows:

| | B. 11 | 2003 | 2002 |
|--|-------|--------------------|-----------------------|
| Due from related parties Hydro Ottawa Holding Inc. Telecom Ottawa Limited Energy Ottawa Inc. | \$ | 12 1,199 792 | \$ - - 5,269 |
| | \$ | 2,003 | \$ 5,269 |
| Due to related parties Telecom Ottawa Limited Energy Ottawa Inc. | \$ | 73 3,337 | \$ 997 |
| | \$ | 3,410 | \$ 997 |
| Advances from parent company | \$ | 8,318 | \$ 3,801 |

Notes to the Financial Statements year ended December 31, 2003 (tabular amounts are in thousands of dollars)

21. SUBSEQUENT EVENTS

(i) On January 22, 2004, the Corporation filed a rate application with the OEB to recover 25% of the regulatory assets accumulated to December 31, 2002. Upon approval, distribution rates will increase on April 1, 2004, with an impact on electricity bills of approximately 1%. Included in the rate application was a reduction in the PILs recovery for 2004 as required by the OEB in its rate filing guidelines.

(ii) On February 3, 2004, the OEB released amendments to the Distribution System Code (DSC) with respect to consumer security deposits. The DSC now sets out the maximum consumer security deposits permitted, the length of time that deposits can be held, how consumers can seek exemption for part or all of the deposit and the interest that distributors must pay. The new requirements will result in a reduction in the security held by the Corporation for consumer energy bills. The new DSC requirements come into effect on August 3, 2004. However, a further transition period through to February 1, 2005 has been provided before electricity distributors are required to return consumer security deposits under the new rules.

Effective January 1, 2004, the Hydro Ottawa Holding Inc. entered into a financing arrangement with the Corporation. Hydro Ottawa Holding Inc. is committed to provide 60% of the funding requirements of the Corporation in non interest bearing notes and 40% in interest bearing, demand loans and advances.

22. COMPARATIVE FIGURES

In certain instances, the 2002 information presented for comparative purposes has been reclassified to conform to the financial statement presentation adopted for the current year.
