**Re: Union Gas Limited and Enbridge Gas Distribution Inc.  
2008 Rates Application  
Board File Nos. EB-2007-0606 / EB-2007-0615**

The Ontario Energy Board ( the "Board") is in receipt of correspondence from the Schools Energy Coalition and Union Gas Limited ("Union") relating to a dispute between those parties regarding the release of certain confidential information (in particular, Union's Reporting and Record Keeping Requirements ("RRR") filings and the Board's standard Undertaking of Confidentiality ("Undertaking"). Citing concerns relating to securities laws, Union has requested that a section be added to the Undertaking forbidding those that sign the Undertaking from trading in securities of Union or of its affiliates. In the alternative, Union has requested that the Board make clear that the Board considers the current Undertaking to prohibit such trading.

It is the Board's view that, for the purposes of the release of the RRR filings in this proceeding, the current Undertaking permits the use of confidential information only for the purposes of this proceeding, to the exclusion of all other uses including for the purposes of trading in the securities of the party providing the information. The Board will not require that a separate or amended version of the Undertaking be filed in this proceeding

Yours truly,
