Notice of Proceeding issued by Ontario Energy Board.
Court case 94-CQ-50878

I in no way think the rate payers should have their rates increase to cover the cost and damages incurred as a result of the Minutes of Settlement approved on April 21, 2010 by the Honourable Mr. Justice Cumming of the Ontario Superior Court of Justice (Court File No. 94-CQ-50878) and as amended by addenda dated July 7, 2010 and July 8 (the "Minutes of Settlement") in the late payment penalty class action (the "LPP Class Action"), and if so, the form and time of such recovery. Where is the penalty if the ratepayers have to pay it. The company alone should be made to pay it.

This should not be allowed and is unacceptable.

Barb Gray
