**EB-2010-0295  
ONTARIO ENERGY BOARD**

**IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, Sch.B, as amended; AND IN THE MATTER OF a proceeding initiated by the Ontario Energy Board to determine whether the costs and damages incurred by electricity distributors as a result of the April 21, 2010 Minutes of Settlement in the late payment penalty class action are recoverable from electricity distribution rate payers, and if so, the form and timing of such recovery.**

**NOTICE OF INTERVENTION  
OF  
Donald D. Rennick, C.A.**

To: Ms. Kirsten Walli  
Board Secretary

1. Donald D. Rennick hereby expresses his intention to intervene and participate in the above-mentioned proceeding. I am a hydro user in the City of North Bay.

2. The name and address to send documents is:

Donald D. Rennick, C.A.  
392 Surrey Drive  
North Bay, ON P1C 1E3  
(705) 476-2007  
ddrennick@cogeco.ca

3. I am intervening in order to ensure that my interests and the interests of all North Bay Hydro customers are fully represented in the determination of whether Affected Electricity Distributors should be allowed to recover from ratepayers the costs and damages incurred in the LLP Class Action and, if so, how the recovery should be allocated to classes and factored into rates.

4. At this time, I agree with the Board's proposal to deal with the application by way of a written proceeding. In my opinion, the decision should be revisited after parties have filed evidence.

5. I will be requesting an award of costs for my participation in this proceeding and believe that in representing the direct interests of consumers, I meet the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure (Section 41) and its Practice Direction on Cost Awards (Section 3.03).

DATED AT NORTH BAY, THIS 10<sup>th</sup> DAY OF NOVEMBER 2010
