IN THE MATTER OF the *Ontario Energy Board Act, 1998*,
S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF cost awards for interested parties
in a consultation process regarding amendments to the
Distribution System Code associated with cost responsibility
for renewable generation connections to distribution
systems.

BEFORE: Paul Sommerville
Presiding Member

DECISION AND ORDER ON COST AWARDS

On June 5, 2009, the Ontario Energy Board (the “Board”) issued a Notice of Proposal to Amend a Code (the “June Notice”) by which it initiated a consultation process to revise the Board’s approach to assigning cost responsibility in relation to the connection of renewable generation facilities to distribution systems. In the June Notice, the Board indicated that cost awards would be available to eligible persons under section 30 of the *Ontario Energy Board Act, 1998* (the “Act”) in relation to their participation in this consultation process, and that any costs awarded would be recovered from all licensed electricity distributors based on their respective distribution revenues.

Based on the Board’s June 29, 2009 Decision on Cost Eligibility and subsequent correspondence dated July 2, 2009, the following participants are eligible for an award of costs in this consultation: Association of Major Power Consumers in Ontario; Association of Power Producers of Ontario; Canadian Manufacturers & Exporters; Canadian Wind Energy Association; Consumers Council of Canada; Council of

Canadians; London Property Management Association; National Chief's Office; Northwatch; Ontario Waterpower Association; Pollution Probe; School Energy Coalition; and Vulnerable Energy Consumers Coalition (collectively, the "eligible participants"). On August 3, 2010 the Board issued a Notice of Hearing for Cost Awards (the "Notice of Hearing"), initiating a hearing on its own motion in order to determine the cost awards that will be made under section 30 of the Act in relation to this consultation. The Notice of Hearing also reiterated the activities for which cost awards are available in this consultation.

Of the thirteen eligible participants, eleven filed cost claims within the deadline established for that purpose in the Notice of Hearing. The Board did not receive cost claims from either the Council of Canadians or School Energy Coalition.

Electricity distributors were given an opportunity to object to any aspects of the cost claims filed by eligible participants. No objections were filed with the Board within the deadline established for that purpose in the Notice of Hearing.

Board Findings on the Cost Claims of the Eligible Participants

The cost claims filed by the eligible participants are in all cases within the approved limits set by the Board for each of the activities for which cost awards are available in relation to this consultation as listed in the Notice of Hearing.

The Board finds that each of these eligible participants is entitled to 100% of its reasonably incurred costs of participating in this consultation.

The amount payable by each individual licensed distributor in relation to costs awarded to each eligible participant is listed in Appendix A to this Decision and Order.

Process for Paying the Cost Awards

As stated in the June Notice, the Board will use the process set out in section 12 of its *Practice Direction on Cost Awards* to implement the payment of the cost awards. Therefore, the Board will act as a clearing house for all payments of cost awards relating to this consultation process. Invoices will be issued to licensed distributors at the same time as are invoices for cost assessments made under section 26 of the Act. The practice of the Board is to issue to each distributor one invoice that covers all cost

awards payable by that licensed distributor for the relevant period. As a result, the invoice may cover cost awards payable in relation to a number of consultations, including this one.

THE BOARD THEREFORE ORDERS THAT:

1. The amounts to be paid by each individual licensed distributor in relation to the costs awarded to each eligible participant are as set out in Appendix A to this Decision and Order.
2. The individual licensed distributors listed in Appendix A to this Decision and Order shall pay the costs awarded to each of the eligible participants as set out in Appendix A.
3. Payment of cost awards referred to in paragraph 2 shall be made to the Ontario Energy Board in accordance with the invoice issued to the individual licensed distributor, and shall be due at the same time as cost assessments under section 26 of the Act are due.

DATED at Toronto, November 16, 2010

ONTARIO ENERGY BOARD
