Dear Srs/Ms

Your large 4/5 page advertisement in the Renfrew Mercury, page 22 Nov. 11<sup>th</sup> 2010 caught my attention. To obtain a better understanding of it's importance, I searched and reviewed the Court File indicated.

It was a surprise to view the large sum of \$17,037,500.00 derived from late payments

Therefore, I am using your suggestion # 2, my letter with comments.

Enclosed is a copy (both sides) of my recent Hydro One hydro bill which includes my hand written observations, which indicate my involvement in business.

My comments,

- 1) My cost, per KWh is \$ 0.26575 not \$ 0.06500. Lets be honest about the real coast of a KWh
- 2) It is apparent the income from 'late payments' is not applied to reduce cost for end hydro users
- 3) an additional comment - Current CEO bonuses are scandalous.

A general saying, in my Father and Grandfather's era of the 1930's and 1940's, may still be applicable.

Sincerely,

  
Don Beckett
