Dear Ms. Walli

**GRAM Rate Application – Effective January 1, 2008**

**Board File No.: EB-2007-0918**

**Our File No.: 302701-000400**

I am writing on behalf of the Industrial Gas Users Association ("IGUA"). We have completed our due diligence review of Union Gas Limited's ("Union") GRAM Application and its supporting materials. Based on our review, IGUA has no objections to the GRAM relief sought by Union in this Application.

As an eligible Intervenor, IGUA requests that the Board award it its reasonably incurred costs in conducting its due diligence examination of Union's GRAM Application. On behalf of IGUA, our practice is to conduct a due diligence examination of the materials, as well as their rate impacts on Industrial Gas Users. If there is nothing of concern to Industrial Gas Users, then we normally inform the Board that IGUA has no objections to the GRAM relief being requested. This is exactly what has occurred in this Application.

As the Board is aware, IGUA's due diligence examination has historically led to the discovery of irregularities. IGUA respectfully submits that the Board may derive comfort from the fact that the GRAM Application has been subject to review and examination by IGUA. The fact that this GRAM Application has been subject to IGUA's due diligence examination contributes to the Board's ability to decide the matters.

We will submit a claim for costs on behalf of IGUA if the Board responds favourably to this request.

Yours very truly
