Dear Ms. DeJulio:

**Re: Enersource Hydro Mississauga Inc.  
2011 Distribution Rate Adjustment Application  
French Publication of Notice of Application  
Board File No. EB-2010-0078**

It has come to the attention of the Board that with reference to Board File Number EB-2010-0078, Enersource Hydro Mississauga Inc. ("Enersource") has failed to publish the French language version of the Board's Notice of Application ("Notice") as required by the Board's Letter of Direction dated October 29, 2010. The Board received a letter from Enersource dated November 16, 2010 which enclosed two copies of Affidavits of Publication dated November 15, 2010 relating to the publication of the English version of the Notice in the Mississauga News and in the Toronto Star. The Affidavits made no mention of the publication of the French version of the Notice or of service of the Notice as required in the Letter of Direction. Subsequent telephone calls between Board staff and Enersource employees have revealed that Enersource has not fulfilled the requirements of the Board's Letter of Direction in this regard.

The Board hereby directs Enersource to immediately fulfill all of the requirements of the Letter of Direction dated October 29, 2010 and to file one or more affidavits proving fulfillment of these requirements.

Because of the significant delay in publishing the French version of the Notice, the Board hereby directs Enersource to change the date by which a request for intervenor

status must be received by the Board (under the heading “Obtenez le statut d’intervenant” in the French version of the Notice of Application) from “le 29 November 2010” to “le 6 Décembre 2010”). Nothing else should be changed in the document.

Yours truly,
