Dear Ms Walli:

**Re: EB-2010-0279 Ontario Power Authority 2011 revenue review  
– GEC intervention**

1. The Green Energy Coalition (GEC) hereby gives notice of its intention to intervene in this matter and requests that it be found eligible for costs.
2. The GEC is comprised of David Suzuki Foundation, Greenpeace Canada, Sierra Club of Canada and World Wildlife Fund of Canada. GEC's member groups are charitable or non-profit organizations active on environmental and energy policy matters. All of these groups have previously been found eligible for costs in OPA matters before the Board and all of these groups have been active in consultations and are known to the applicant.
3. The groups' primary interest in these proceedings is in regard to the appropriateness of the OPA's expenditure and revenue requirements given its central role in generation, transmission and CDM development and given the forthcoming approvals process for those matters. GEC notes the potentially expanded draft issues list. The groups will be active participants.
