Dear Ms. Walli:

Re: EB-2010-0055 Union Gas Limited 2011 LOW INCOME DSM Plan – GEC Submission

GEC was active in discussions with the company that resulted in the current filing. GEC supports the approval of the plan. GEC views the plan as the start of a ramp up of effort in this area and looks forward to an enhanced plan in the forthcoming multi-year filing. In particular, GEC submits that the evolution of the scorecard approach will help the company overcome barriers to enhanced low income program efforts. We do wish to note that the L.I. proposal was developed in the context of the current DSM framework, and therefore is not necessarily indicative of the approach GEC may prefer for 2012 and beyond.

Sincerely,
