Dear Mr. Richmond:

Re: EB-2007-0050 – Quarterly Update of Approvals Status

Attached is Hydro One's first quarterly update in response to your request for information concerning the status of approvals for the Bruce to Milton project. There are two lists. The first ("Major Approvals") shows the status of major approvals (OEB, EA, NEC) for each of the properties affected by the project along with the type of land rights required or obtained. The second list ("Minor Approvals") shows the status of the various other permits and approvals required for the project. Some of these are shown by property (where applicable) and others are shown by permitting authority.

As we discussed, the next quarterly update will be provided at the end of March, 2011.

I trust the above is satisfactory.

Sincerely,

ORIGINAL SIGNED BY ANDREW SKALSKI
