To whom it may concern

I would really like to know the reason for this full page advertisment in my local paper. I am disgusticed to even think how much it would cost furthermore I cannot understand any part of this Public Notice.

I am only one of thousands of unlearned ontarians who cannot tolerate wasteful spending on such legal mumbo jumbo Please try & spend my tax money in a more prudent manner

Please be kind enough to
give me any reason as to
why this sort of wastefulness
is required
