**Re: Application for an Exemption from the Reporting Requirements in
Relation to Mandated Time of Uses Pricing.
Board File No. EB-2010-0308
Response to OEB Staff Submission**

Milton Hydro Distribution Inc. ("Milton Hydro") is writing to advise the Ontario Energy Board ("OEB") that it has no objections to the OEB Staff submission requesting "that if Milton Hydro's exemption application is approved that it include a provision requiring Milton Hydro to provide the Board with the monthly reporting requirements for the month ending June 2011 no later than July 10, 2011."

Milton Hydro recognizes the importance of this information in assessing whether the government's expectation of having 3.6 million RPP consumers on TOU pricing by June 2011 has been achieved.

Milton Hydro would also advise the OEB that the Notice of Application and Written Hearing was posted on Milton Hydro's website on November 1, 2010.

Respectfully submitted,
