Dear Ms Walli:

**Re: Enbridge Gas Distribution Inc. ("Enbridge")
Reply Submission to the 2011 DSM Plan Amendments
to the Low Income Weatherization Plan
Ontario Energy Board ("Board") File Number EB-2010-0175**

As directed by the Board in the September 24, 2010 Decision and Order of the Board, on November 11, 2010, Enbridge filed an amendment to its 2011 DSM Plan Application; Amended Low Income ("LI") Weatherization Plan. On November 26, 2010 the Board issued Procedural Order No. 2, directing Intervenors to file written submissions on or before December 6, 2010, with Enbridge being directed to file a written reply by December 13, 2010.

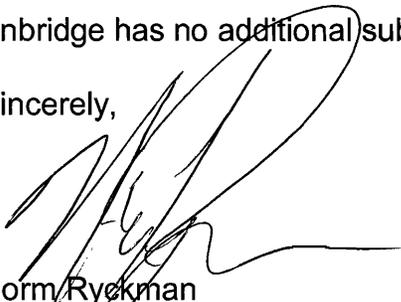

Enbridge wishes to respond to Industrial Gas Users Association's ("IGUA") December 6, 2010 letter. The Counsel for IGUA indicated that IGUA did not have any objection to Enbridge's proposed incremental LI DSM plan subject to one clarification. IGUA has asked for confirmation that Enbridge's incremental LI DSM Plan budget (including any variance thereto) and the LRAM amounts and incentive payments associated with the LI DSM Plan will be allocated to and recovered from Rate 1 residential customers. Enbridge hereby confirms that such amounts will be allocated to the Rate 1 Residential customers consistent with the Board's allocation methodologies.

Enbridge received letters from the Green Energy Coalition and the Low Income Energy Network both who expressed support for Enbridge's Amended LI Weatherization Plan. Furthermore, no Intervenors have expressed any concerns or objections to the amended plan.
