Attention: Ms. Kirsten Walli, Board Secretary

Dear Board Secretary,

RE: EB-2010-0018

Further to EB-2010-0018, Natural Resource Gas Limited ("NRG") was to submit Terms of Reference with regards to an Engineering Study of our system by today.

We respectfully request an extension to the end of January 31, 2011. We feel it is important that the terms of reference be done with great care to ensure the outcome of the study meets the OEB and the needs of NRG and its' ratepayers and is done in a cost effective manner. Due to the weather that recently hit our area and the holiday season we have had difficulty meeting the deadline. As you are aware, we are a small utility and we require some consultation from an expert on this matter.

Regards,

Robert Cowan,
Co-Chairman
