Dear Ms. Walli:

**EB-2010-0229 – Hydro One Networks Request for Exemption from Certain Sections of the Distribution System Code – Hydro One Networks Relating to Capacity Allocation Issues**

In the Board's Decision and Order dated December 20, 2010, Hydro One Networks Inc. ("Hydro One") is required to publicly file an updated and expanded version of the table of projects provided in the Response to Undertaking J1.1 beginning on December 31, 2010 and every quarter thereafter. Specifically, the Board's order states that this must include the completion dates for the following milestones:

- the SIA;
- the Transmission CIA;
- the delivery date for all the cost estimates and the draft connection cost agreement; and
- the deadline to execute the connection cost agreement.

Hydro One has collected much of the information required for the table. However, due to staff absences during the seasonal holiday period, Hydro One is unable to provide the complete set of information within the seven business day deadline set by the Board. Hydro One intends to provide this information by January 7, 2011.

Sincerely,
