COURIER**

Ontario Energy Board  
P.O. Box 2319  
27th Floor  
2300 Yonge Street  
Toronto ON M4P 1E4

Attention: Ms. K. Walli, Board Secretary

Dear Ms. Walli:

**Re: Great Lakes Power Transmission LP - Application for 2011 & 2012  
Transmission Rates (EB-2010-0291) - Applicant Interrogatory Responses -  
Request for Confidential Treatment of Information**

We are counsel to Great Lakes Power Transmission LP ("GLPT"), applicant in the above-noted proceeding. In accordance with Procedural Order #1 in EB-2010-0291, GLPT has filed its responses to interrogatories from Board Staff on January 7, 2011 (together with responses to intervenor interrogatories). In Board Staff Interrogatory #40, Board Staff requested that GLPT provide certain information on a confidential basis, as it did in EB-2009-0408. As such, GLPT is filing its response to Board Staff Interrogatory #40 in accordance with Rule 10 of the *Rules of Practice and Procedure* and the Board's *Practice Direction on Confidential Filings*.

**1. Request**

In accordance with Rule 10, GLPT is requesting that all of GLPT's response to Board Staff Interrogatory #40 (See **Attachment "A"**) be treated as confidential.

**2. Non-Confidential Description**

For the non-confidential description of the information for which GLPT seeks confidential treatment, please refer to the request made in Board Staff Interrogatory #40.

**3. Reasons for Confidentiality Request**

The request made in Board Staff Interrogatory #40 seeks information on how directly connected customer loads influence GLPT's charge determinant levels for the three pools (Network, Line Connection and Transformation Connection). As Board Staff instructed in its Interrogatory #40, GLPT is providing the requested information on a confidential basis. This is because the information, even if provided without providing the names of the delivery points, could still be used to identify one or more specific customers. As such, providing the information on a non-

confidential basis has the potential to reveal proprietary information about directly connected customer loads. For the same reasons, GLPT filed similar information on a confidential basis in EB-2009-0408, as Board Staff acknowledged in the preamble to its Interrogatory #40.

A copy of this letter without the confidential Attachment "A" has been provided to all parties to EB-2010-0291.

Yours truly,

A handwritten signature in black ink, appearing to read "Tyson Dyck", with a large, stylized flourish at the end.

Tyson Dyck
