1. In EB-2010-0332, Hydro One Networks Inc. (“Hydro One Networks”) stated at Exhibit B, Tab 1, Schedule 2, page 2 of 24 that it conducted customer surveys to gain a better understanding of its customers’ perspectives on CDM, and that the results of the surveys provided insight into what energy efficiency measures have already been undertaken by customers, what measures they are planning to take in the near future, and what type of CDM programs would be of interest to them. In this context:
 - (a) Did Hydro One Brampton Networks Inc. (“Hydro One Brampton”) undertake any surveys? If not, why not?
 - (b) If Hydro One Brampton conducted any surveys, please produce the results of the customer surveys, including any summary reports; and
 - (c) Please confirm whether Hydro One Networks shared the results of its customer surveys with Hydro One Brampton. If so, please describe how Hydro One Brampton relied upon those surveys.

2. Hydro One states that a third party consultant assisted to prepare an analysis of CDM potential for Hydro One Brampton. In this regard, the consultant’s analysis indicated that approximately 83% of Hydro One Brampton’s CDM target can be achieved through OPA contracted programs and implementation of the Board-approved programs. To this end:
 - (a) Who was the consultant that conducted the analysis?
 - (b) Was the consultant retained only by Hydro One Brampton, or was the consultant retained jointly by Hydro One Brampton and Hydro One Networks?

- (c) Please provide a copy of Hydro One Brampton's retainer agreement with that consultant; and
- (d) Please provide a full copy of the consultant's analysis.
