**Re: Notice of Application and Hearing
Electricity Transmission Licence
Chatham-Kent Transmission Inc.
Board File No. EB-2010-0351**

On January 4, 2011, we applied on behalf of the Power Workers' Union ("PWU") for Observer status in the above-referenced proceeding. Only after that date, did we receive a copy of the redacted application, together with the Board's Procedural Order No. 1.

Upon review of these materials, it is apparent that the PWU's interest in this application is greater than initially understood. The PWU has been an active participant in every OEB proceeding dealing with transmission rules and cost responsibility. The PWU represents the majority of employees of transmitters in the Province of Ontario. The PWU is concerned that the application as framed may not be consistent with the provisions of the Transmission System Code and/or applicable statutory or regulatory provisions. As a result, PWU seeks Intervenor status in the proceeding in order that it may file interrogatories and make submissions.

The PWU has retained Judy Kwik of Elenchus Research Associates as consultant and Paliare Roland for legal representation in this proceeding. Please provide copies of all communications with regard to the PWU's participation to:

John Sprackett
Staff Officer, Office of the President
Power Workers' Union
