**NOTICE OF APPLICATION AND HEARING FOR AN
ELECTRICITY DISTRIBUTION RATE CHANGE
ERIE THAMES POWERLINES CORPORATION**

Erie Thames Powerlines Corporation ("Erie Thames") has filed an application with the Ontario Energy Board, received on November 30, 2007 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15 (Schedule B), seeking approval for changes to the rates that it charges for electricity distribution, to be effective May 1, 2008. The Board has assigned the application file number EB-2007-0928. The Board's decision on this application may have an effect on all of Erie Thames' customers.

Any change to Erie Thames' distribution rates will cause Erie Thames' delivery charges to change. Delivery charges are one of four regular items on residential and general service customers' electric bills and vary depending on the amount of electricity consumed.

Erie Thames is seeking approval of \$6,918,858 as the annual revenue it requires to provide electricity distribution. Erie Thames indicates that if the application is approved as filed, a residential customer consuming 1,000 kWh per month would experience an approximate 3.0% decrease in the electricity bill. A small general service customer consuming 2,000 kWh per month and having a monthly demand of 50 kW or lower would see an approximate 11.1% decrease in the electricity bill.

How to see Erie Thames' Application

Copies of the application are available for inspection at the Board's office in Toronto and on its website, www.oeb.gov.on.ca, and at Erie Thames' office and may be on its website.
