Dear Ms. Walli:

**Re: Board File Nos. EB-2010-0377, and EB-2010-0378, EB-2010-0379
Ontario Power Generation Inc. Notice of Intent to Participate**

Further to the Ontario Energy Board's ("OEB") letter of December 17, 2010 regarding the renewed regulatory framework for electricity, Ontario Power Generation Inc. ("OPG") intends to participate in the coordinated consultation process. OPG will participate in all three initiatives identified by the OEB, specifically, EB-2010-0377, EB-2010-0378 and EB-2010-0379.

OPG is an Ontario-based electricity generation company whose principal business is the generation and sale of electricity in Ontario. Payment amounts for the output of OPG's regulated generating facilities are determined by the OEB. As a generator whose payment amounts are established by the OEB and as a major customer of both transmission and distribution utilities, OPG has an interest in all facets of the consultation process.

All correspondence relating to the consultation should be addressed to:
