2300 Yonge Street
Toronto, Ontario M4P 1E4

ATTN: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: OEB File # EB-2010-0145
Woodstock Hydro Response to Energy Probe Interrogatory # 3 and Board Staff Interrogatory #5

In light of Woodstock Hydro's response to Energy Probe Interrogatory # 3 which states

"The original in-service date was projected to be December 31 2011, however due to recent developments which are beyond WHSI's control, it is likely that the Commerce Way Transmission Station will not be in service for 2011. WHSI plans to come forward with an ICM application as part of its 2012 IRM application to address this matter",

WHSI confirms that the Commerce Way TS will not be in service in 2011 and therefore requests that it's confidential response to Energy Probe Interrogatory # 3 (Appendix A) and OEB Staff Interrogatory # 5 (Appendix E and Appendix F), be withdrawn from the WHSI's 2011 Cost of Service Application.

This document has been filed through the Ontario Energy Board's Regulatory Electronic Submission System (RESS). A copy of the filing confirmation is attached to this correspondence.

Should you require any further information or clarification, please contact myself at 519-537-7172 ext 240, or by email at peitel@woodstockhydro.com.

Respectfully Submitted,

Original Signed By;
