Dear Ms. Walli:

**Re: Toronto Hydro 2011 to 2014 Board-Approved CDM Programs Application  
Board File No. EB-2011-0011**

---

Veridian Connections Inc. (“Veridian”) hereby requests intervenor status in the EB-2011-0011 proceeding regarding Toronto Hydro’s application for board-approved conservation and demand management (“CDM”) programs.

Veridian is an electricity distributor operating under Ontario Energy Board licence number ED-2002-0503. Like the applicant in this proceeding, Veridian has been assigned CDM targets that it must pursue as a condition of its licence, and it expects that achievement of these targets may require implementation of board-approved CDM programs. Veridian therefore has a direct interest in the outcome of this proceeding.

Veridian does not intend to seek an award of costs.

For the purposes of this proceeding, Veridian requests that all documents filed with the Board by each party to the proceeding be served on the following company representatives:
