Dear Ms. Walli

**EB-2010-0002 – Hydro One Networks’ 2011-2012 Electricity Transmission Revenue Requirements
– Hydro One Networks Comments on Intervenor Cost Claims**

I write to advise that Hydro One will raise no issues with respect to the claim from, Building Owners and Managers Association, Consumers Council of Canada, Canadian Manufacturers & Exporters and Vulnerable Energy Consumers Coalition.

With respect to the costs claim from Pollution Probe and School Energy Coalition, Hydro One would request the Assessment Officer ensure that the all the disbursement receipts have been received and match what has been claimed.

With respect to the costs claim from Energy Probe, Hydro One would request the Assessment Officer ensure that the Form 1s match Form 3.

With respect to the costs claim from Association of Major Power Consumers in Ontario, given the very large dollars and hours being claimed, Hydro One would request the Assessment Officer ensure that the claim is just and appropriate.

Sincerely,
