Dear Ms. Walli:

**EB-2010-0228 – Hydro One Networks Request for Fees Related to Distribution Generation Projects –Hydro One Networks Comments on Intervenor Cost Claims**

I write to advise that Hydro One will raise no issues with respect to the claim from Vulnerable Energy Consumers Coalition and Energy Probe.

With respect to the costs claim from Association of Power Producers of Ontario and Canadian Manufacturers and Exporters, Hydro One would request the Assessment Officer ensure that the all the disbursement receipts have been received and match what has been claimed.

With respect to the costs claim from Ontario Sustainable Energy Association, Hydro One will be objecting to the 5 hours claimed by Marion Fraser for the attendance at the Technical Conference. Marion Fraser did not make an appearance and the Technical Conference ran from 9:11am to 11:53am. Hydro One would request the Assessment Officer ensure that the all the receipts match what has been claimed.

Sincerely,
