RE: - EB 2010 - 0302

The changes Cambridge proposes affects two piece of property that I have either surface rights and some oil & gas rights. The one property (E/2 Lot 20 C10) has part of the trunk line plus gathering lines running over two thirds of the farm. The other property has part of the trunk line and four storage wells. (E/2 Lot 21 C10)

There are no gas storage leases on either property (E/2 Lot 20 C10 MOORE & E/2 Lot 21 C10 MOORE, STELAKIR TOWNSHIP)

I would like to become an observer in the proceedings.

Yours truly

J.W. Wellington
