**Re: Late Payment Penalty Settlement Rate Riders
Board's Decision and Order EB-2010-0295**

Hydro 2000 Inc. is filling the following proposed rate riders in accordance with the Board's Decision and order EB-2010-0295 with the Settlement amount specified in Appendix A.

Rate Class	Fixed Metric	Rate Class
Residential	Customer	\$0.20
General Service less Than 50kW	Customer	\$0.57
General Service over Than 50kW	Customer	\$2.54
Unmetered scatered load	Connection	\$0.17
Street-light	Connection	\$0.03

Hydro 2000 Inc. is including an Excel Spreadsheet showing the estimate of the monthly rate rider.

Hydro 2000 Inc. asks permission to recover the cost of publishing the Boards Notice EB-2010-0295 which amounted to \$800.00 with the rates or in a deferral account. The amount of \$800.00 is a substantial amount for a very small utility.

Hydro 2000 Inc. asks the Board to provide direction on methodology for the regulatory accounting.

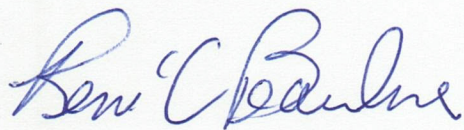

The next table shows the rate riders including the cost incurred for publishing.

Rate Class	Fixed Metric	Rate Class
Residential	Customer	\$ 0.24
General Service less Than 50kW	Customer	\$ 0.69
General Service over Than 50kW	Customer	\$ 3.06
Unmetered scatered load	Connection	\$ 0.20
Street-light	Connection	\$ 0.04

The proposed rate riders in both scenarios for all classes have a very minimal bill impact.
