**Re: Chatham-Kent Transmission Licence Application – Extension of Filing Deadline
Board File No.: EB-2010-0351**

Dear Ms. Walli,

Chatham-Kent Transmission's ("CKT") licence application reply submission is currently due on Friday, March 11 in the above-noted proceeding.

On Friday, March 4, CKT received the IESO's late intervener request and submission. The IESO submission raises issues regarding management of IESO specific information provided to transmitters that have not been raised to this point in CKT's application proceeding. As well CKT was unable to obtain a copy of the Power Workers' Union's submission until late this morning, though they were due (and apparently filed) this past Friday afternoon. Due to these circumstances, and scheduling and workload conflicts, CKT asks the Board to extend the filing deadline for CKT's reply submission to Friday, March 25.

If you have any further questions please do not hesitate to contact David Ferguson at (519) 352-6300, extension 558 or davidferguson@ckenergy.com.

Regards,
