**Board Staff Interrogatories**

**Electricity Transmission Licence Application**

**Iccon Transmission Inc. (“Iccon”)**

**EB-2010-0403**

**March 8, 2011**

1. In section D of its licence application, Iccon confirmed the following:

"I understand and acknowledge that, as a licenced electricity transmitter, I will be required, unless otherwise exempted:

- To provide non-discriminatory access to all persons wishing to connect to the transmission system.
- To comply with all licence conditions including the provisions of:
  - The Ontario Energy Board Affiliate Relationships Code for Electricity Distributors and Transmitters
  - The Ontario Energy Board Transmission System Code
  - The Market Rules made under section 32 of the Electricity Act."

Absent an exemption, Iccon must comply with the Board's *Affiliate Relationships Code for Electricity Distributors and Transmitters* ("ARC") (among others) effective as of the date on which a transmission licence is issued to it. Please confirm that Iccon will satisfy the requirements of the ARC commencing on the date on which it is licensed. If not, please advise if Iccon intends to seek an exemption from the ARC.

2. Iccon's application indicates that Iccon will rely on the personnel of Isolux Ingenieria S.A., an affiliate, for the design and construction of the transmission facilities. Will the same technical resources be employed to address technical matters related to the operation and maintenance of the transmission facilities? If not, please describe Iccon's plans.
3. Iccon has provided the financial statements of Isolux Corsan Concesiones, S.A.U. in support of its financial capability as Iccon is a newly formed entity for which financial statements have not yet been prepared. In these circumstances, the Board may require a parental guarantee. Please confirm that Iccon has reviewed the Board's standard parental guarantee form and would be prepared to have Isolux Corsan Concesiones, S.A.U. provide financial assurance for the Board's costs under the electricity transmission licence should the Board consider such assurance necessary.
