Re: Horizon Utilities Corporation (“Horizon Utilities”) - Draft Tariff of Rates and Charges for Smart Meter Funding Adder Application Board File Number EB-2010-0292

Horizon Utilities (OEB licence ED-2006-003) filed a Smart Meter Funding Adder Application on September 24, 2010. In the Board’s Decision and Order dated March 8, 2011 on page 5, point 1, it states “Horizon Utilities Corporation shall review the draft Tariff of Rates and Charges set out in Appendix A, and shall file with the Board a written confirmation assessing the completeness and accuracy of the draft Tariff of Rates and Charges, or provide a detailed explanation of any inaccuracies or missing information, within seven (7) calendar days of the date of this Decision and Order.”

Horizon Utilities agrees with and confirms the completeness and accuracy of the draft Tariff of Rates and Charges as listed in Appendix A of the Board Decision and Order with one exception. On the Residential Service Classification, Monthly Rates and Charges, Rate Rider for Global Adjustment Sub-Account Disposition – effective until April 30, 2012 Applicable only for Non-RPP Customers, the amount indicated is 0.0021/kWh in the Draft Rate Order. Horizon Utilities submits that the correct amount is \$.0002/kWh.

Two hard copies of this letter will follow. Please contact me if any further information is required.

Yours truly,
