Dear Ms. Walli:

**Re: Ontario Waterpower Association
Application for Amendment to Hydro One Networks Inc. Electricity
Distribution License ED-2003-0043
Board File No: EB-2011-0067**

We are counsel to the Ontario Waterpower Association ("OWA"). The OWA is making this Application on behalf of a number of its members that were awarded Feed-In Tariff Contracts by the Ontario Power Authority.

Please find enclosed two (2) copies of the Application and Pre-filed Evidence of the OWA in the above mentioned proceeding. An electronic copy was filed on the Board's RESS system and two (2) hard copies are attached to this letter.

The OWA requests the Board proceed with the interim relief requested in the Application on an expedited basis. The OWA would also note that one schedule, Exhibit A, Tab 3, has been redacted in the Pre-filed Evidence. A complete document is provided in the attached sealed envelope which is being submitted pursuant to the Board's *Practice Direction on Confidential Filings* (the "Practice Direction").

The OWA has requested this information be treated in confidence pursuant to the Board's Practice Direction in order to protect the financial and contractual information of the developers. This information is commercially sensitive and could result in a significant competitive disadvantage should the information become public.

If there are any questions please feel free to contact the undersigned at your earliest convenience.

Yours truly,
