RESPONSE TO BOARD STAFF QUESTION  
NRG QRAM Application EB-2011-0059

1. In NRG's 2011 rate case (EB-2010-0018), the Board ordered NRG to track overpayments as of October 1, 2010 to the date of the Decision (December 6, 2010). The overpayments were as a result of NRG Failing to follow the Board order in the 2006 rates Decision (EB-2005-0544) and reflected the failure of NRG to set prices on an annual basis for gas purchased from the related company. In the Decision, NRG was directed to record the credit/debit balances to the Purchase Gas Commodity Variance Account ("PGCVA") as of October 1, 2010 until the purchase price was reset on the basis of the Board's Decision in EB-2010-0018.
- a) Please provide the amounts that were recorded in the PGCVA as of October 1, 2010 to December 6, 2010 in accordance with the Board's Decision in EB-2010-0018.

**Response:**

Refer to Schedule 3 of the QRAM submission and refer to the Local Production Price (A) - October 2010 is at 0.3012 (old price) and it has been changed effective November 1, 2010 going forward to the purchase price reset in the Board's Decision in EB-2010-0018. The differential amount recorded in the PGCVA is \$5,090.07.

- b) Please provide a table or reference showing the adjustment of this amount in the PGCVA.

**Response:**

No adjustment has been made as an adjustment was not ordered in EB-2010-0018 only that the amount be tracked. As noted in a) above it is tracked in Schedule 3 of the QRAM submission.
