**Attention: Ms. Kirsten Walli, Board Secretary**

Dear Ms Walli:

**Re: Waterloo North Hydro Inc.  
2011 Electricity Distribution Cost of Service Rate Application  
EB-2010-0144  
Proposed Settlement Agreement**

A settlement conference was convened in respect of this proceeding on March 2, 2011 in accordance with Procedural Order No. 2. The settlement conference continued into March 3, 2011. We are please to advise that the parties have achieved a complete settlement in this matter. Please find accompanying this letter a copy of the proposed Settlement Agreement. Each of the parties has reviewed and approved the Agreement. We would like to thank the OEB Staff and Mr. Dominy for their assistance in this process.

WNH has filed an electronic copy of this document and an Excel version of the Revenue Requirement Work Form (RRWF) via the Board's web portal RESS.

If there are any questions, please contact myself, Albert Singh at 519-888-5542, [asingh@wnhydro.com](mailto:asingh@wnhydro.com) or Rene Gatien at 519-888-5544, [rgatien@wnhydro.com](mailto:rgatien@wnhydro.com).

Yours truly,

**IN THE MATTER OF** the Ontario Energy Board Act, 1998, being Schedule B to the Energy Competition Act, 1998, S.O. 1998, c.15;

**AND IN THE MATTER OF** an Application by Waterloo North Hydro Inc. to the Ontario Energy Board for an Order or Orders approving or fixing just and reasonable rates and other service charges for the distribution of electricity as of May 1, 2011.

**WATERLOO NORTH HYDRO INC. DRAFT SETTLEMENT AGREEMENT**

**Filed: March 31, 2011**

**INTRODUCTION:**

Waterloo North Hydro Inc. ("WNH") owns and operates the electricity distribution system within its licensed service area of 672 square kilometers in the City of Waterloo and the Townships of Wellesley and Woolwich, of which approximately 90% is a rural distribution system. WNH serves approximately 52,000 customers.

WNH filed an application (the "Application") with the Ontario Energy Board (the "OEB") on August 27, 2010 under section 78 of the *Ontario Energy Board Act, 1998, S.O. 1998, c. 15, (Schedule B)*, seeking approval for changes to the rates that WNH charges for electricity distribution, to be effective May 1, 2011. The Board assigned File Number EB-2010-0144 to the Application. Three parties requested and were granted Intervenor status: Energy Probe Research Foundation ("Energy Probe"); the School Energy Coalition ("SEC"); and the Vulnerable Energy Consumers' Coalition ("VECC"). Two customers – Ernie Reiter and Tony Skells – filed Letters of Comment.

The Board issued Procedural Order No. 1 on November 5, 2010, scheduling November 11, 2010 as the date for WNH's Information on the Confidentiality Claim, November 17, 2010 as the date for Board Staff and Intervenors to provide submissions on the Confidentiality Claim and November 22, 2010 for WNH's Reply Submission. Procedural Order No. 1 also scheduled November 22, 2010 and November 26, 2010 as the date for written interrogatories from Board Staff and Intervenors respectively and December 10, 2010 as the date for WNH's responses.

OEB staff filed interrogatories on November 22, 2010 and all registered Intervenors, except VECC, filed interrogatories on November 26, 2010 and VECC filed interrogatories on November 28, 2010. On December 10, 2010 WNH filed responses to all interrogatories, except Board Staff Interrogatory # 40, which was filed on December 14, 2010.

The Board issued Procedural Order No. 2 on January 21, 2011 which set February 24, 2011 for a Technical Conference; a Settlement Conference for March 2 and 3, 2011; and March 17, 2011 for filing a Settlement Proposal.

The evidence in this proceeding (referred to here as the "Evidence") consists of the Application; and WNH's responses to the initial interrogatories, the questions provided to WNH prior to and during the Technical Conference, and its responses to Undertakings given during the Technical Conference. The Appendices to this Settlement Agreement (the "Agreement") are also included in the Evidence.

The Settlement Conference was duly convened in accordance with Procedural Order 2, with Mr. George Dominy as facilitator. The Settlement Conference concluded on March 3, 2011.

WNH and the following Intervenors participated in the Settlement Conference:

Energy Probe Research Foundation (Energy Probe)  
School Energy Coalition (SEC)  
Vulnerable Energy Consumers Coalition (VECC).

WNH and the intervenors are collectively referred to below as the "Parties".

These settlement proceedings are subject to the rules relating to confidentiality and privilege contained in the Board's *Settlement Conference Guidelines* (the "Guidelines"). The parties understand this to mean that the documents and other information provided, the discussion of each issue, the offers and counter-offers, and the negotiations leading to the settlement – or not – of each issue during the Settlement Conference are strictly confidential and without prejudice. None of the foregoing is admissible as evidence in this proceeding, or otherwise, with one exception: the need to resolve a subsequent dispute over the interpretation of any provision of this Settlement Agreement.

The role adopted by Board staff in the Settlement Conference is set out in page 5 of the Guidelines. Although OEB staff is not a party to this Agreement, as noted in the Guidelines, OEB staff who did participate in the Settlement Conference are bound by the same confidentiality standards that apply to the Parties to the proceeding.

**A COMPLETE SETTLEMENT HAS BEEN REACHED IN THIS PROCEEDING:**

The Parties are pleased to advise the Board that a complete settlement has been reached on all issues in the proceeding. This document comprises the Proposed Settlement Agreement to the Board, and it is presented jointly by WNH and Energy Probe, SEC and VECC. It identifies the settled matters, and contains such references to the Evidence as is necessary to assist the Board in understanding the Agreement. The Parties confirm that the Evidence filed to date in respect of each settled issue, as supplemented in some instances by additional information recorded in this Agreement, supports the settlement of the matters identified in this Agreement. In addition, the Parties agree that the Evidence, supplemented where necessary by the additional information appended to this Agreement, contains sufficient detail, rationale and quality of information to allow the Board to make findings in keeping with the settlement reached by the Parties.

The Parties explicitly request that the Board consider and accept this Settlement Agreement as a package. None of the matters in respect of which a settlement has been reached is severable. Numerous compromises were made by the Parties with respect to various matters to arrive at this comprehensive Agreement. The distinct issues addressed in this proposal are intricately interrelated, and reductions or increases to the agreed-upon amounts may have financial consequences in other areas of this proposal which may be unacceptable to one or more of the Parties. If the Board does not accept the Agreement in its entirety, then there is no Agreement unless the Parties agree that those portions of the Agreement that the Board does accept may continue as a valid settlement.

It is further acknowledged and agreed that none of the Parties will withdraw from this Agreement under any circumstances, except as provided under Rule 32.05 of the *Board's Rules of Practice and Procedure*.

It is also agreed that this Agreement is without prejudice to any of the Parties re-examining these issues in any subsequent proceeding and taking positions inconsistent with the resolution of these issues in this Agreement. However, none of the Parties will, in any subsequent proceeding, take the position that the resolution therein of any issue settled in this Agreement, if contrary to the terms of this Agreement, should be applicable for all or any part of the 2011 Test Year.

References to the Evidence supporting this Agreement on each issue are set out in each section of the Agreement. The Appendices to the Agreement provide further evidentiary support. The Parties agree that this Agreement and the Appendices form part of the record in EB-2010-0144. The Appendices were prepared by the Applicant. The Intervenors are relying on the accuracy and completeness of the Appendices in entering into this Agreement.

The Parties believe that the Agreement represents a balanced proposal that protects the interests of WNH's customers, employees and shareholder and promotes economic efficiency and cost effectiveness. It also provides the resources which will allow WNH to manage its assets so that the highest standards of performance levels are achieved and customers' expectations for the safe and reliable delivery of electricity at reasonable prices are met.

The Parties have agreed that the effective date of the rates resulting from this proposed agreement is May 1, 2011. In the event that the Board does not issue its Final Rate Order in time for WNH to implement the rates resulting from this Agreement as of May 1, 2011, the Parties agree that WNH may establish a rate rider that would allow it to recover that portion of the Revenue Deficiency that would have been recovered between May 1, 2011 and the Board-Approved Effective Date.

**ORGANIZATION AND SUMMARY OF THE SETTLEMENT AGREEMENT:**

There is no approved Issues List for this proceeding. However, for the purposes of organizing this Agreement, the Parties have followed the OEB's Filing Guidelines that address all of the revenue requirement components, load forecast, deferral and variance account dispositions, cost allocation and rate design and other issues relevant to determining WNH's 2011 distribution rates.

The following Appendices accompany this Settlement Agreement:

- Appendix A – Summary of the Significant Items Adjusted as a result of this Agreement
- Appendix B – Updated Fixed Asset & Depreciation Expense Continuity Schedules
- Appendix C – Updated Cost of Power
- Appendix D – 2011 Test Year Updated Load Forecast
- Appendix E – 2011 Test Year Updated Other Revenue
- Appendix F – 2011 Test Year Updated OM&A Expense
- Appendix G – 2011 Test Year Updated PILs
- Appendix H – 2011 Test Year Updated Cost of Capital
- Appendix I – 2011 Test Year Updated Revenue Deficiency
- Appendix J – 2011 Test Year Updated Revenue to Cost Ratios
- Appendix K – Summary of Updated Customer Impacts
- Appendix L – 2011 Test Year LRAM and SSM
- Appendix M – Updated Deferral and Variance Accounts and Low Voltage Rate Riders
- Appendix N – Capital Gain Rate Riders
- Attachment 1 – Cost Allocation Sheets O1 and O2
- Attachment 2 – Revenue Requirement Work Form

## UNSETTLED MATTERS

There are no unsettled matters in this proceeding.

## OVERVIEW OF THE SETTLED MATTERS:

This Agreement will allow WNH to continue to make the necessary investments in maintenance and operation expenditures as well as capital investments to maintain the safety and reliability of the electricity distribution service that it provides. This Agreement will also allow WNH to: maintain current capital investment levels in infrastructure to ensure a reliable distribution system; manage current and future staffing levels, skills and training to ensure regulatory compliance with Codes and Regulations; promote conservation programs including the Ministry of Energy directives as a condition of WNH's distribution licence; and continue to provide the high level of customer service that WNH customers have come to expect.

The Parties agree that no rate classes face bill impacts in this proceeding that require mitigation efforts.

The revised Base Revenue Requirement for the 2011 Test Year is \$28,119,401. This revenue requirement has been adjusted based on the updated cost of capital parameters issued by the Board on March 3, 2011. This represents a revenue deficiency, based on forecast 2011 revenue at current rates, of \$3,781,285. The revised revenue deficiency of \$3,781,285 is \$1,231,155 lower, or 25% lower than that set out in the pre-filed evidence of \$5,012,440. An amount of \$538,794 of the reduction is attributable to the updated cost of capital parameters. The changes are detailed in the table below.

	Original As per Appication (A)	Settlement Submission (B)	Difference (C = B - A)
Service Revenue Requirement	30,036,603	29,120,358	(916,245)
Revenue Offset	1,055,963	1,000,957	(55,006)
Base Revenue Requirement	28,980,640	28,119,401	(861,240)
Revenue at Existing Rates	23,968,200	24,338,116	369,916
<b>Revenue Deficiency</b>	<b>5,012,440</b>	<b>3,781,285</b>	<b>(1,231,155)</b>

Through the settlement process, WNH has agreed to certain adjustments from its original 2011 Application. The changes are described in the following sections.

**ADMINISTRATION (Exhibit 1)**

1.1. Has WNH responded to all relevant Board Directives from previous proceedings?

For the purpose of achieving settlement on all issues, the Parties agree that WNH's Rate Base should be \$150,992,464 for the 2011 Test Year. The adjustments listed below result in an agreed-upon reduction in the total Rate Base in the amount of \$1,815,853 from \$152,808,317 as filed, to \$150,992,464 for the purposes of this Settlement Agreement. This reflects the following material changes:

- The 2010 Bridge Year capital expenditures will be reduced by \$1,457,711 per section 2.2 below;
- The 2010 balance for land is reduced by \$240,656, which amount is, transferred to Work-In-Progress;
- The 2010 Closing Accumulated Depreciation was increased by \$287,064, as reflected in the table below;
- The 2011 balance for AFUDC/Capitalized Interest on the New Administration and Service Centre will be increased by \$758,873, as set out in section 2.3 below;
- The 2011 capital additions forecast for land is reduced by \$683,925 and transferred to Work-In-Progress, as set out in section 2.3 below;
- The 2011 Test Year capital additions will reflect a transfer of \$400,000 from Capital Additions to Work-In-Progress, as set out in section 2.3 below;
- 2011 Working Capital Allowance has been increased by \$135,904 as set out in section 2.4 below;
- An adjustment to the 2010 Bridge Year and 2011 Test Year depreciation expense which impacts accumulated depreciation as set out in section 4.2 below; and
- HST/ITC reductions of Rate Base in the amount of \$733,971 in the original application were accepted by the Parties.

The parties have agreed to establish a variance account in respect of WNH's new Administrative Building and Service Centre ("Building"). The Building is included in WNH's 2011 Revenue Requirement; however, if the building is not in service by the end of 2011, any over-collection of the amount that is included in the 2011 revenue requirement for the building will be placed into a variance account. The variance is only to capture any over-collection in the 2011 rate year and would only be applicable if the building is not in service in 2011. For purposes of clarity, the Parties agree that the amount of the over-collection will be determined as follows: WNH will remove the 2011 revenue requirement pertaining to the building; re-run the revenue requirement model with the 2011 building-related revenue requirement, including any related debt, return equity, depreciation expense and tax impacts removed; and compare the result to the revenue requirement set out in this Agreement to determine the resulting variance. Should any over-collection result, in a subsequent Cost of Service Rate Application to the Board, WNH will seek disposition of such balance and authorization of the Board to refund or credit the over-collection back to ratepayers.

The amount of the over-collection that will be recorded into a variance account, if the building is not in service by the end of 2011, has been calculated as \$858,536 as detailed in the table below.

2.2. Are the amounts proposed for the 2010 Bridge Year Capital Expenditures appropriate?

Interrogatory response Energy Probe IR # 1, 4, 6, 12, 13, TCQ # 1, 2, 22, 23  
Interrogatory response VECC IR # 20, 21

For the purposes of obtaining complete settlement of all issues, the Parties agree to a reduction of the 2010 Bridge Year capital additions in the amount of \$1,457,711 and the reduction to the opening balance of land, purchased in 2008 and included in USoA Account 1805, in the amount of \$240,656 for the following reasons:

- The sum of \$240,656 represents a parcel of land purchased by WNH in 2008, as the future site of a WNH Transformer Station (#4). As Transformer Station # 4 is not scheduled to be built or come into service until some future time beyond the 2011 Test Year, this amount will be transferred from the opening capital for the 2010 Bridge Year and transferred to Work-In-Progress (WIP) in order to calculate the 2011 opening and closing fixed assets; and
- The sum of \$1,457,711 for the 2010 Bridge Year represents an adjustment to reflect WNH's actual 2010 capital additions.

2.3. Are the amounts proposed for the 2011 Test Year Capital Additions appropriate?

<b>Status:</b>	<b>Complete Settlement</b>

For the purposes of obtaining complete settlement of all issues, the Parties agree to a reduction in the 2011 Test Year capital additions in the amount of \$195,222, reflecting the following adjustments:

- An increase to correct the amount of AFUDC for the new Administrative Building and Service Centre in the amount of \$758,873 for the 2011 Test Year;
- A transfer of \$400,000 from capital expenditures to WIP for 2011 to reflect later in-service dates for some capital expenditures;
- An increase of \$39,905 in USoA 1805 – Land to reflect actual additions; and
- The removal of \$594,000 and transfer to WIP to reflect the value of 10 of the 35 acres at WNH's New Administrative Building and Service Centre, as those 10 acres are designated for a future WNH Transformer Station (#5) that will not be constructed or in service until some future time beyond the 2011 Test Year...

2.4. Has the Working Capital Allowance been determined appropriately?

**Evidence:** Exhibit 2, Pages 54, 58-59

For the purposes of obtaining complete settlement of all issues, the parties agree that the amount proposed for WNH's Working Capital and rate base as shown in section 2.1 shall be increased by \$906,025, resulting in an increase of \$135,904 in Working Capital Allowance, which reflects the following adjustments:

- i. WNH has updated its Cost of Power (see Appendix C) calculation as follows:
  - The total kWh purchases will be based on the total kWh determined in the revised load forecast as set out in section 3.1 adjusted for the agreed-upon loss factors.
  - The commodity rates to be used are based upon the rates issued in the October 18, 2010 *Regulated Price Plan Report*, for the calendar year 2011. The non-RPP cost of power to be used is \$64.18 per MWh (\$37.80 + \$26.38). The RPP cost of power to be used is \$66.84 per MWh ( $\$37.80 \times 1.0747 + \$26.38 + \$1.00 - \$1.16$ ).
- ii. Adjustments related to OM&A changes as set out in section 4.1 below.

The adjustments to WNH's Working Capital Allowance are set out in the following table:

<b>Change in Working Capital</b>

The Board's Decision in EB-2010-0002, setting Transmission Rates effective January 1, 2011, and the Board's Decision in Hydro One Networks Inc.'s application to establish Retail Transmission Service Rates effective January 1, 2011 (EB-2009-0096), have been used in the calculation of the Power Supply Expense - Network and Power Supply Expense - Connection.

**3. OPERATING REVENUE (Exhibit 3)**

**3.1. Is the load forecast appropriate?**

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 3, Pages 5 to 26, Appendix A-C  Interrogatory responses Energy Probe IR # 15, 16, 17, 18, 19, 20, 24, TCQ # 7, 8, 9, 10, 11  Interrogatory response VECC IR # 1, 3, 4, 5, 6, 7, 8, 9, 10, TCQ # 1, 5, 6, 7

For the purposes of obtaining complete settlement of all issues, the parties agree that WNH's proposed 2011 Test Year load forecast is to be increased by 22,264,517 kWh to a total of 1,451,447,141 kWh (see Appendix D), up from 1,429,182,624 kWh in the pre-filed Evidence (Exhibit 3, Page 21), reflecting the following adjustments:

- The customer count for the Residential Class will be increased by 350 in 2010 and 700 in 2011 to reflect the actual number of customers in this rate class as of December 31, 2010 and to adjust the forecast for 2011;
- The customer count for the General Service Less than 50 kW Class will be increased by 29 in 2010 and 58 in 2011 to reflect the actual number of customers in this rate class as of December 31, 2010 and to adjust the forecast for 2011;
- The 2011 kWh consumption for the metered customer classes will be reduced to one tenth (1/10<sup>th</sup>) of WNH's OEB/OPA directed CDM target of 66.49 GWhs;
- The OPA CDM Savings used in the Application (at Exhibit 3, Table 3-13A), will be adjusted to 5,366.07 GWh in 2010 and 0 GWh in 2011.
- The Average Percentage Ratio is to be used for the calculation of the kW/kWh ratio for the Large Use (Ratio of .1932%) and Street Light Rate Classes (Ratio of .2802%) and the General Service Greater than 50 kW will continue to be calculated using the Trend Function (Ratio of .2251%); and
- The average of the 2003-2009 loss factor of 1.039 will be used for the purposes of converting the Predicted Purchased kWh to Billed kWh.

The agreed-upon load forecast is also used in the updated cost of power calculation (see Appendix C) of this Agreement, in the billing determinants in cost allocation and rate design, and in the updated bill impact tables (see Appendix K).

The Parties have agreed that any revenue deficiency or sufficiency resulting from the implementation of the CDM Target adjustment may be recovered through an LRAM application and the Intervenor will not oppose the filing of such an application. All parties may take such positions as they consider appropriate with respect to the particulars of any such application.

The Parties recognize that if the Board decides on an adjustment mechanism and/or deferral account on a generic basis specifically to address the energy (kWh) and peak demand (kW) reductions associated with CDM Targets, any new guidelines or filing requirements will supersede the previous methodology.]

3.2 Is the proposed amount for 2011 Test Year Other Revenue Appropriate?

# 6, 12, 14, 27

Interrogatory responses SEC TCQ # 5

Interrogatory responses VECC IR # 13

For the purposes of obtaining complete settlement of all issues, the Parties agree that the forecast for Other Revenues in the 2011 Test Year should be \$1,000,957, a decrease of \$55,006 (see Appendix E), reflecting the following adjustments:

- In the Application, WNH had included \$11,000 in revenue on account of gains on the disposal of depreciable utility assets in the 2011 Test Year. The gain on disposal of depreciable utility assets in the 2011 Test Year will be increased by \$11,000, to a 2011 total of \$22,000, with no 50/50 sharing of net proceeds between WNH's ratepayers and shareholders (i.e., the net benefit is 100% attributed to ratepayers); and
- The removal of Street Lighting Return and PILs, which had been included twice, in both USoA accounts 4375 and 5625. The reduction, in order to reflect the Return and PILs only once, is in the amount of \$66,006.

3.3. Are the proposed Specific Service Charges for 2010 appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 3, Page 34 Interrogatory response Board Staff IR # 34, 35

For the purposes of obtaining complete settlement of all issues, the Parties accept the Specific Service Charges proposed by WNH.

**4. OPERATING COSTS (Exhibit 4)**

- 4.1. Are the overall levels of the 2011 Test Year Operation, Maintenance and Administration costs appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VEC
Evidence:	Exhibit 4, Pages 1 to 50  Interrogatory responses Board Staff IRs # 11, 12, 13, 14, 15, 16, 17, 21, TCQ # 3, 5, 6, 7  Interrogatory responses Energy Probe IR # 7, 25, 26, 27, 28, 30, TCQ # 15, 16, 24, 25  Interrogatory response SEC IR # 6, 7, 8, 9, 10, 11, 12, 13, TCQ # 1, 2, 3  Interrogatory response VECC IR # 23, 24, TCQ # 10, 11

For the purposes of obtaining complete settlement of all issues, the Parties agree to a reduction of the OM&A expenditures in the amount of \$169,500 from a forecast of \$10,183,838 proposed in the Application to a forecast of \$10,014,338 for the 2011 Test Year (see Appendix F).

The decrease of \$169,500 reflects the following adjustments:

- Increase in OMERS Costs of \$126,250, from the \$85,000 included in the Application, to \$211,250 in order to provide for normalized OMERS increases for 2011-2014. The Parties have agreed that a variance account will be established and any differences between the amount paid by WNH and the annualized amount of \$211,250 will be disposed of by way of payments by, or refunds to, WNH's customers at the next Cost of Service Filing;
- A reduction of \$113,750 in Meter Reading Expenses from \$260,318 in the application to \$146,568. The reduction removes manual meter reading costs to reflect the implementation of smart meter reads and was calculated based on a \$65,000 reduction for one half of 2011 and \$135,000 for the full years 2012 to 2014 and amortized over four years;
- A reduction of \$32,000 to reduce the inflation increase on non-wage expenses from 2.0% to 1.3%. The 1.3% is consistent with the price escalator for 2<sup>nd</sup> and 3<sup>rd</sup> Generation Incentive Rate Mechanisms for adjusting electricity distribution rates effective May 1, 2011;

- An additional overall reduction of \$150,000 in OM&A Expenses; and
- HST/ITC reductions of OM&A Expenses in the amount of \$76,691 in the original Application were accepted by the Parties.

The LEAP Emergency Financial Assistance, referred to in the Board's letter dated October 20, 2010, is not included in the OM&A envelope of \$10,014,338. The Parties have agreed that the direction provided in the Board's letter is as follows: *"The relevant LEAP amount proposed would be adjusted in distributors' draft rate orders to account for any changes resulting from the Board's decision on the final service revenue requirement."* The parties acknowledge that \$10,000 of LEAP costs has been included in the Application and that the adjustment to OM&A will take this into account.

4.2. Is WNH's depreciation expense appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 4, Pages 73 to 81
Settlement Agreement	2.2, 2.3 Interrogatory response Energy Probe IR # 8, 34, 35, TCQ # 18, 19

For the purposes of obtaining complete settlement of all issues, the Parties agree to the following adjustment to the proposed 2011 Test Year depreciation expense:

- A decrease of \$66,909 in 2011 to reflect the agreed-upon changes in the 2010 Bridge Year and the 2011 Test Year capital additions in sections 2.2 and 2.3 of this Settlement Agreement. The Depreciation Expense is decreased from \$7,816,331 to \$7,749,422 (see Appendix B).

4.3. Is the amount proposed for the 2011 Test Year Payment in Lieu of Taxes appropriate?

---

**Status:** **Complete Settlement**

Supporting Parties: WNH, Energy Probe, SEC, VECC

Evidence: Exhibit 4, Pages 88 to 96

Interrogatory response Board Staff IR # 22, 23, TCQ #4

TCQ # 17, 20, 21

Interrogatory response SEC IR # 17, TCQ # 10, 27

For the purposes of obtaining complete settlement of all issues, the Parties agree to an overall reduction in grossed-up 2011 Payments in Lieu of Taxes ("PILs") (see Appendix G) in the amount of \$200,522, reflecting the following adjustments:

- Flow-through of agreed upon changes in OM&A expenses and capital expenditures;
- Correction to the classification of computer hardware to the appropriate CCA class (see Energy Probe IR # 40, TCQ # 21);
- CCA on Land Rights in the amount of \$1,410 previously omitted (see Energy Probe IR # 41, TCQ # 21);
- Increase in Apprentice and Co-operative Education Tax Credits in the amount of \$75,544 to reflect forecasted tax credits for 2011; and
- The Parties have agreed to a tax reduction in the amount of \$36,250, related to the elimination of the Ontario surtax claw-back on the first \$500,000 of taxable income in Ontario and the provincial tax rate of 4.5% on the first \$500,000 of taxable income.

**5. COST OF CAPITAL (Exhibit 5)**

5.1. Are the proposed Capital Structure and Rate of Return on Equity appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 5, Pages 1 to 7, 10 to 11

For the purposes of obtaining complete settlement of all issues, the Parties accept that WNH's proposed debt to equity ratio for rate making purposes of 60% (comprised of 56% long term debt and 4% short term debt) to 40%, as documented in Appendix H, is appropriate.

For the purposes of its Application, WNH used the Cost of Capital parameters applicable to cost of service applications for the 2010 Test Year. This included a Return on Equity of 9.85%. The cost of capital parameters have been adjusted to reflect the Board's updated Cost of Capital parameters for cost of service applications for distribution rates effective May 1, 2011, that were issued by the Board on March 3, 2011. This includes an adjustment of the Return on Equity to 9.58%.

5.2. Is the proposed Return on Debt appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 5, Pages 7 to 10 Interrogatory responses Board Staff IR # 24, 25, 26 Interrogatory responses Energy Probe TCQ # 26

For the purposes of obtaining complete settlement of all issues, the Parties agree that the forecasted Infrastructure Ontario debt will be reflected as borrowed mid-way through the 2011 Test Year for the purpose of calculating the Long-Term Debt Rate. This resulted in a weighted cost of long-term debt of 5.61%, prior to the application of the Board's updated Cost of Capital parameters issued on March 3, 2011. The updated parameters reduced the weighted cost of long-term debt to 5.22%.

For the purposes of its Application, WNH used the Cost of Capital parameters in Appendix H applicable to cost of service applications for the 2010 Test Year. This included a Long-Term Debt Rate of 5.87% and a Short-Term Debt Rate of 2.07%. This settlement has been updated to reflect the Board's updated cost of capital parameters, including the deemed Long-Term Debt Rate of 5.32%, of which the impact is described above, and the deemed Short-Term Debt Rate of 2.46%.

**6. CALCULATION OF REVENUE DEFICIENCY OR SURPLUS (Exhibit 6)**

6.1. Is the Revenue Deficiency for the 2011 Test Year appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 6

For purposes of obtaining complete settlement of all issues, the Parties accept and rely on the updated calculation by the Applicant of the Test Year revenue deficiency of \$3,781,285 as detailed in Appendix I.

**7. COST ALLOCATION (Exhibit 7)**

7.1. Is WNH's cost allocation appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 7 Interrogatory response VECC IR # 14

For purposes of obtaining complete settlement of all issues, the Parties accept WNH's cost allocation as proposed in the Application.

7.2. Are the proposed revenue-to-cost ratios appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 7, Pages 1 to 5 Interrogatory response Board Staff IR # 27, 28, 29

For purposes of obtaining complete settlement of all issues, the Parties accept WNH's revenue-to-cost ratios as set out in Appendix J. Attachment 1, which follows the Appendices, contains Sheets O1 and O2 of the Cost Allocation Model.

**8. RATE DESIGN (Exhibit 8)**

8.1 Are the proposed customer classes appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 8

For the purposes of obtaining complete settlement of all issues, the Parties accept the addition of the Embedded Distributor Customer Class.

8.2 Are the customer charges and the fixed-variable splits for each class appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 8, Pages 2 to 6 Interrogatory responses VECC IR # 15

For the purposes of obtaining complete settlement of all issues, the Parties accept the customer charges and the fixed-variable splits resulting from this Agreement (see Appendix K) for 2011.

The customer charges in Appendix L for the General Service Greater than 50 kW rate class reflect a one-third reduction between the current monthly customer charge of \$187.01 and the ceiling of \$114.22 as calculated in Sheet O2 of the Cost Allocation Model, resulting in a monthly customer charge of \$162.75 for the 2011 rate year. The Parties agree that in 2012 and 2013, further reductions will occur as follows: Any (GDP-IPI – X) increases or decreases under the IRM plan will be applied to the ceiling from Sheet O2 of the Cost Allocation Model, the difference between the May 1, 2010 rate (\$187.01) and the 2012 Adjusted Ceiling will be multiplied by 2/3 and subtracted from the May 1, 2010 rate to obtain the 2012 customer charge. In 2013, any (GDP-IPI – X) increases or decreases under the IRM plan are applied to the 2012 adjusted ceiling and the resulting 2013 Adjusted Ceiling will become the 2013 Customer Charge for this rate class. For each of 2012 and 2013, the rate design model will be re-run using the adjusted fixed charge for the General Service Greater than 50 kW class, and the consumption agreed upon in this Agreement, in order to establish the variable charge (“re-calculated variable charge”) for that class for the corresponding year. The re-calculated variable charge will then have any (GDP-IPI – X) increases or decreases under the IRM plan applied. In 2012 the applicable 2012 (GDP-IPI – X) increase or decrease will be applied to the re-calculated 2012 variable charge. In 2013 the applicable 2012 and 2013 (GDP-IPI – X) increases or decreases will be applied to the re-calculated 2013 variable charge. Two illustrative examples are provided below

Illustrative examples are provided below.

**9. DEFERRAL AND VARIANCE ACCOUNTS (Exhibit 9)**

9.1. Are the balances in the Deferral and Variance Accounts appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 9, Pages 3 to 6 Interrogatory responses Board Staff IR # 36, 37, 38 Interrogatory response VECC IR # 25

For the purposes of obtaining complete settlement of all issues, the Parties accept the balances in WNH's Deferral and Variance Accounts. Adjustments to the Application include: The deferral and variance account balance was decreased by \$96,506 to reflect disposition of USoA 1592, PILs and Tax Variances, Sub-account HST / OVAT Input Tax Credits (ITCs) and the Parties have agreed to dispose of the Late Payment Penalty Rate Rider as filed by WNH with the Board on February 28, 2011, the amount subject to Board review and approval of the amount in this proceeding.

WNH will be disposing of its existing Administration Building and Service Centre on Northfield Drive in Waterloo. It is anticipated that disposition will occur in 2012. The parties have agreed for the purposes of settlement that WNH's customers will receive 75% of the Net after Tax Gain on the sale of this property, and WNH will retain the remaining 25%. While the property is not expected to be sold until 2012 or later, the Parties have agreed that payments to WNH's customers will begin May 1, 2011, and that this will mitigate impacts to customers of WNH regarding collection of amounts owing in the Deferral and Variance Accounts as noted in Section 9.2 on the following basis:

- a) The payments will be in the form of a rate rider (please see Appendix N), and will be spread equally over three years commencing May 1, 2011, to align with the disposition of Deferral and Variance Accounts in Section 9.2;
- b) The value of the payment to be made by way of the rate rider will be based on the estimate of the net after tax gain set out in the following table; and

<b>Estimate for Purposes of this Settlement</b>	
Estimated Fair Market Value	\$ 7,300,000
Estimated Selling Costs (real estate, legal, cleanup costs)	(900,000)
Estimated Net Book Value of Land and Building	(3,600,000)
Estimated Taxes	(800,000)
Estimated Gain on Sale	\$ 2,000,000
<b>75% of Estimated Gain on Sale</b>	<b>\$ 1,500,000</b>
<b>Rate Rider Annually, Paid for Three Years</b>	<b>\$ 500,000</b>

- c) A variance account will be created to track the difference between 75% of the Actual Net after Tax Gain and the payout of the 75% of the Estimated Net after Tax Gain that is included in this Settlement. The variance will be paid to customers or collected from customers at the time of WNH's next rebasing.

9.2. Are the methods of disposition of the Deferral and Variance Accounts appropriate?

---

<b>Status:</b>	<b>Complete Settlement</b>
Supporting Parties:	WNH, Energy Probe, SEC, VECC
Evidence:	Exhibit 9, Pages 7 to 16 Interrogatory responses OEB Staff IR # 36

For the purposes of obtaining complete settlement of all issues, the Parties accept that the Deferral and Variance Account balances being disposed of in this proceeding will be recovered from or rebated to the customers by WNH, over a three year period and the rate rider will be calculated to the fifth decimal point. The rate riders are presented in Appendix M. In addition, the Low Voltage Rate Riders are presented in Appendix M.

10.1. Are the LRAM/SSM charges and disposition rate rider appropriate?

---

### Summary of Updated Customer Impacts

Please note that due to the immaterial amount of Distribution Revenue (\$856) of the Embedded Distributor, customer impacts have not been presented. Please note that formula errors in the calculation of the Application impact percentages have been corrected in numbers below.

## Notes:

(Rate Base through Revenue Requirement), except for Notes that the utility may wish to use to support the data. Notes should be put on the applicable pages to explain numbers shown.

(1) All inputs are in dollars (\$) except where inputs are individually identified as percentages (%)

(2) 4.0% unless an Applicant has proposed or been approved for another amount.

(3) Net of addbacks and deductions to arrive at taxable income.

(4) Average of Gross Fixed Assets at beginning and end of the Test Year

(5) Average of Accumulated Depreciation at the beginning and end of the Test Year. Enter as a negative amount.

(6) Not applicable as of July 1, 2010

(7) Select option from drop-down list by clicking on cell M10. This column allows for the application update reflecting the end of discovery or Argument-in-Chief. Also, the outcome of any Settlement Process can be reflected.

Note - Provincial tax rate reduced to reflect the fact that there are \$61,453 in tax credits
