Dear Ms. Walli:

EB-2011-0067 – Ontario Waterpower Association Application of DSC Exemption from Hydro One – Hydro One Networks Inc. Intervention Request

In response to the Board's Notice of Application and Hearing dated March 30, 2011, Hydro One Networks Inc. ("Hydro One") is applying for intervenor status in the above-noted proceeding.

Hydro One is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Hydro One is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. Hydro One is affected by the outcome of this proceeding, as in this Application, the Applicant seeks to amend Hydro One Networks Inc.'s Electricity Distribution Licence ED-2003-0043, to exempt Hydro One from certain obligations in the Distribution System Code. Also in its Procedural Order No. 1, the Board identifies certain actions that require the cooperation and involvement of Hydro One. Hydro One's interests in this proceeding include, but are not limited to, continuing to support the cost effective, timely and efficient connection of renewable energy generation projects without undue adverse impact on the Company and its ratepayers.

Hydro One intends to participate in the proceeding by reviewing the application and prefiled evidence and any additional public record documents filed.

Hydro One is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Hydro One requests that documents filed with the Board in this proceeding be served as follows –
