Dear Ms. Patrick:

Re: Union Gas Limited ("UNION") Leave to Construct – London Reinforcement Project, Ontario Energy Board File Number EB-2010-0381

This serves to notify Union Gas Limited (UNION) of the formation of the Group of Landowners along Wonderland Road North between Ten Mile Road and the north city limits of London hereinafter known as GAPLO-UNION (LRP). Recent activity by UNION to undertake easement option/pipeline agreements with landowners, outside the original plan described in OEB File No. EB-2010-0381, has led to the formation of GAPLO-UNION (LRP).

Please be advised that the GAPLO-UNION (LRP) preferred location of the proposed London reinforcement gas pipeline project described as OEB File No. EB-2010-0381 is within the existing road allowance. Assuming an in road allowance pipeline location, we the undersigned Steering Committee for GAPLO-UNION (LRP), through this communication, are seeking the following considerations by UNION:

1. Clarity regarding pipeline location within the existing road allowance,
2. Establishment of compensation guidelines for any temporary land use off road allowance during construction, and
3. Timely communication of process and/or changes that affect landowners in the subject construction area.

GAPLO-UNION (LRP)

Should the project scope change and an alternative location from that described be required, we would be seeking the opportunity to apply for intervenor status. We find this to be the fair and equitable way of proceeding for all parties involved.

Yours truly,
