**Re: Chatham-Kent Hydro Inc. 2011 IRM3 Application  
Board File No.: EB-2010-0074**

Dear Ms. Walli,

On March 24, 2011, Chatham-Kent Hydro Inc. ("CKH") submitted an acceptance letter in the above noted file. In the letter, CKH noted a correction required in Table 2 on page 8 of the decision. Specifically, the target range for the Intermediate rate class was referenced as 85% - 115%, rather than 80% - 180%. The range of 80% - 180% is consistent with Board guidelines and was agreed to in the most recent Settlement discussions.

The above correction originated from the table contained in Attachment C to the Settlement Agreement dated February 14, 2011. This table contained a typo and should have referenced the Board guideline range of 80% -180% for the Intermediate rate class. This is also consistent with the Settlement Agreement text on pages 6 and 7, which states the appropriate range of 80% - 180%.
