**Re: Intervenor Request, EB-2011-0043: Regional Planning for Electricity Infrastructure**

---

Dear Ms. Walli,

In regard to the above noted proceeding before the Board, N-Sci Technologies Inc. ("NSci") is requesting intervenor status so we may participate in the proceeding.

N-Sci Technologies is an energy industry focused engineering and consulting company that provides a wide range of technical and strategic planning services to clients throughout North America. On behalf of its clients, N-Sci has participated in previous Board proceedings and has acted as an expert witness on several occasions.

N-Sci Technologies has several clients that are interested in transmission and distribution infrastructure investment in Ontario and find this initiative very timely. There is a considerable need for strategic planning and regional alternatives with respect to the electricity transmission and distribution systems in Ontario. Our clients are very encouraged by the Board's leadership in this area and look forward to providing input throughout this specific proceeding.

I am planning to attend the stakeholder meeting on May 12<sup>th</sup> at the Board's offices in Toronto.

N-Sci is not eligible for Cost Awards and is therefore not requesting the Board's consideration in that matter.

Please forward all material dealing with the proceeding to my attention at:

Mailing Address: 143A Great Northern Road, Suite 256, Sault Ste. Marie, Ontario P6B 4Y9  
Telephone: (705) 949-1033  
Email: [rreid@nsci.ca](mailto:rreid@nsci.ca)

Sincerely,

A handwritten signature in dark ink, appearing to read "Robt Reid". The signature is fluid and cursive, with the first name "Robt" and last name "Reid" clearly distinguishable.
