Dear Ms. Walli:

**Re: Rideau St. Lawrence Distribution Inc., Decision and Order dated  
April 7, 2011, 3rd Generation IRM (EB-2010-0113)**

Rideau St. Lawrence Distribution has reviewed the Board's draft Tariff of Rates and Charges set out in Appendix A of the Decision and Order dated April 7, 2011 for completeness and accuracy and has identified an inaccuracy in the Draft Tariff of Rates and Charges.

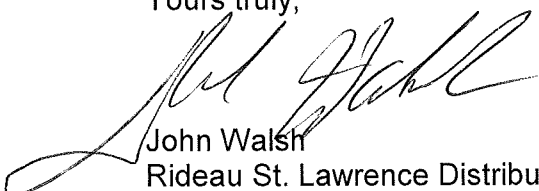

1. On pages 3 and 5 of the Draft Tariff the Rate Rider for the Global Adjustment Sub-Account Disposition reads that it is effective until January 31, 2012. We believe that it should read – "*effective until April 30, 2012*", consistent with our application and the dates listed for this Rate Rider for all other classes of customers. The Decision and Order states:

*The Board accepts the disposition period of one year proposed by RSL.*

We would submit that to be consistent with our interpretation of the Decision and Order the effective date for the Rate Rider for Global Adjustment Sub-Account should be until April 30, 2012 for all classes.

Should you have any questions regarding the above, please contact the undersigned.

Yours truly,

John Walsh  
Rideau St. Lawrence Distribution Inc.

RESPECTFULLY SUBMITTED
