Dear Ms. Walli:

**Re: Union Gas Limited ("Union")
London Reinforcement Project
Board File # EB-2010-0381**

Since Union filed its responses to Board Staff interrogatories, Union has met with all the landowners adjacent to Wonderland Road, to discuss Union's construction plan of acquiring easements adjacent to the road allowance to construct the pipeline. As a result of these discussions Union will only be obtaining additional easements for an eight metre strip of land adjacent to the existing road allowance only from those landowners on Wonderland Road, located north of Fanshawe Park Road and south of Sunningdale Road. There are three landowners along this strip of Wonderland Road. Union has obtained options for easements from two of the three landowners and is in negotiations with the third landowner.

For that portion of the pipeline located north of Sunningdale Road, Union would construct the pipeline within the existing road allowance as is permitted under the franchise agreements Union has with both the City of London and County of Middlesex.

Sincerely,

Mark Murray
