

**EB-2011-0083**

**IN THE MATTER OF** the *Ontario Energy Board Act 1998*,  
S.O.1998, c.15, (Schedule B);

**AND IN THE MATTER OF** an application by Union Gas Limited seeking approval of its revised demand side management input assumptions for the 2010 program year.

**NOTICE OF HEARING  
and  
PROCEDURAL ORDER No. 1**

On March 14, 2010, Union Gas Limited ("Union") filed an application with the Ontario Energy Board (the "Board") seeking approval of certain demand side management ("DSM") input assumptions for its 2010 program year.

Union filed this application in response to the audit of its 2009 DSM annual report. Specifically, changes were made to the following technology substantiation documents; Energy Recovery Ventilators (ERVs), Heat Recovery Ventilators (HRVs), Infrared Heaters and Low-Flow Showerheads for both the Residential and Low-Income markets.

The Board has assigned file number EB-2011-0083 to this application.

The Board's Decision with Reasons for the Natural Gas Demand Side Management Generic Proceeding (EB-2006-0021) outlined a process allowing for updates to the DSM input assumptions, "arising from the evaluation and audit process, to be filed with the Board and considered accordingly."

**THE BOARD ORDERS THAT:**

1. Union shall immediately serve a copy of its application on each intervenor in the Natural Gas Demand Side Management Guidelines for Natural Gas Distributors (EB-2008-0346) and on each party currently involved in Union's DSM Consultative (Full list attached as Appendix A).
2. Any party, including Board staff that wishes to comment on Union's application shall do so by written submissions filed with the Board, and delivered to Union, **on or before May 2, 2011**.
3. Union may respond by written submission filed with the Board, and delivered to all parties, **on or before May 16, 2011**.

All written submissions sent to the Board will be placed on the public record, which means that the written submissions will be available for viewing at the Board's offices and will be placed on the Board's website. If the written submission is from a private citizen (i.e., not a lawyer representing a client, not a consultant representing a client or organization, not an individual in an organization that represents the interests of consumers or other groups, and not an individual from a regulated entity), before placing the written submission on the public record, the Board will remove any personal (i.e., not business) contact information from the written submission (i.e., the address, fax number, phone number, and e-mail address of the individual). However, the name of the individual and the content of the written submission will become part of the public record.

As stated elsewhere in this notice, you must provide a complete copy of your written submission (including your name, contact information, and everything written in the submission) to the applicant.

All filings to the Board must quote the file number, EB-2011-0083, be made through the Board's web portal at [www.errr.ontarioenergyboard.ca](http://www.errr.ontarioenergyboard.ca), and consist of two paper copies and one electronic copy in searchable / unrestricted PDF format. Filings must clearly state the sender's name, postal address and telephone number, fax number and e-mail address. Please use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at

[www.ontarioenergyboard.ca](http://www.ontarioenergyboard.ca) . If the web portal is not available you may email your document to the address below. Those who do not have internet access are required to submit all filings on a CD or diskette in PDF format, along with two paper copies. Those who do not have computer access are required to file 7 paper copies.

All communications should be directed to the attention of the Board Secretary at the address below, and be received no later than 4:45 p.m. on the required date.
