President

cc. Mr. G. Dimitropoulos

Board Staff Interrogatories
Application for Partial Exemption from Mandated Time-of-Use
Pricing Date for Certain Regulated Price Plan Consumers
Newmarket-Tay Power Distribution Ltd.
EB-2011-0019
Dated April 14, 2011

Board Staff question 1

Preamble

Newmarket-Tay Power Distribution Ltd. ("Newmarket-Tay Power") filed an application dated January 19, 2011 with the Ontario Energy Board for a licence amendment granting a partial exemption in relation to the mandated date for the implementation of Time-of-Use ("TOU") pricing rates for certain Regulated Price Plan consumers.

Newmarket-Tay Power is seeking an exemption from their June 2011 TOU date with respect to eligible General Service under 50 kW customers served with three phase services due to problems with specific meters needed to service these customers. Newmarket-Tay Power is requesting a new TOU date of November 2011 for this specific customer class only. The exemption would affect 2,584 customers under this class.

Questions

a) Please confirm the status of Newmarket – Tay Power's smart meter deployment and TOU implementation as of April 1, 2011.

Response:

April 1, 2011 status of smart meter deployment and eligible customers on TOU is given in the following table:

Customer Class	No. of Customers	Smart Meters Deployed	% of Smart Meters Deployed	Customers on TOU Pricing	% of Customers on TOU Pricing
Residential	29,373	29,373	100	26,015 ¹	100
GS<50	2,969	385	13	265 ²	10

¹ There are 3,358 eligible Residential customers that are enrolled with Retailers

² There are 300 eligible GS<50 customers that are enrolled with Retailers

b) Are there any other factors (internal and/or external) that Newmarket – Tay Power has identified that may hinder its ability to comply with their requested mandatory TOU date for GS<50 kW customers?

Response:

Newamarket – Tay Power is not presently aware of any other factors that may hinder its ability to meet a November, 2011 mandatory TOU date.
