Subject: Intervenor Status Request, Bruce Genery, for EB-2011--0063

RE: Intervenor Status Request, Bruce Genery, for EB-2011--0063:

Application for Leave to Construct Transmission Facilities for Grand Renewable Wind LP

I am the landowner at 1138 Haldimand Road Twenty and this application states that a lease has been executed for my property and it is to be a site for a transition station. I have not signed a lease and have in fact stated that I do not wish to lease my property.

This transition station and the line itself would have significant negative impact on the value of my property. I am retired and have a pension, however this property is my major investment. I require intervenor status in order to protect this investment.

I request intervenor status pursuant to Rule 23 of the Board's Rules of Practice and Procedure. I would like to be informed of all proceedings and be able to participate. My contact information is as follows:
