

EB-2007-0905

IN THE MATTER OF the *Ontario Energy Board Act, 1998*,
S.O.1998, c.15, (Schedule B);

AND IN THE MATTER OF an application by Ontario Power
Generation Inc. pursuant to section 78.1 of the *Ontario
Energy Board Act, 1998* for an Order or Orders determining
payment amounts for the output of certain of its generating
facilities.

PROCEDURAL ORDER NO. 1

The Ontario Energy Board (the “Board”) received an application from Ontario Power Generation Inc. (“OPG” or the “applicant”) on November 30, 2007, under section 78.1 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B (the “Act”), seeking approval for increases in payment amounts for the output of certain of its generating facilities, to be effective April 1, 2008. The Board has assigned the application file number EB-2007-0905.

The Board has decided to proceed by way of oral hearing to consider the application.

As part of its application, OPG has also requested an order from the Board declaring OPG’s current payment amounts interim and increasing the payment amounts as of April 1, 2008 (“interim order”). The Board has decided to hear oral argument on the following issues associated with OPG’s request for an interim order:

1. Can the Board declare the payment amounts prescribed by the *Payments Under Section 78.1 of the Act Regulation*, O. Reg. 53/05 (“Regulation 53/05”) to be interim?
2. Would an interim order of the Board declaring the current payment amounts to be interim and/or increasing the payment amounts as requested by OPG

- be considered the Board's first order for purposes of section 78.1 of the Act and section 4 of Regulation 53/05?
- a) If so, what are the implications for the application of the provisions of Regulation 53/05 that make reference to the Board's first order?
 - b) If not, on what basis can the Independent Electricity System Operator ("IESO") make payments to OPG in accordance with the interim order, having regard to the provisions of section 78.1(2) of the Act and of section 4 of Regulation 53/05?
3. If an interim order declaring the current payment amounts to be interim can be granted:
- a) Should the Board grant such an order?
 - b) If an interim order increasing the payment amounts as requested by OPG can be implemented by the IESO, should the payment amounts be increased and, if so, by what amount should the payment amounts increase?

Attached to this Procedural Order is a list of parties to this proceeding (Appendix A); a draft issues list (Appendix B); and a schedule for the proceeding (Appendix C).

The Board considers it necessary to make provision for the following procedural matters. This Procedural Order may be amended, and further procedural orders may be issued from time to time.
